beautifully designed cover and professionally typeset manuscript this edition of Ford Madox Ford's Some Do Not is a classic work of British literature reimagined for modern readers **A Man Could Stand Up** Ford Madox Ford, 2022-08-16 In *A Man Could Stand Up* Ford Madox Ford explores the intricate dynamics of personal relationships against the backdrop of a post World War I society grappling with disillusionment. The novel is characterized by Ford's innovative narrative style employing stream of consciousness techniques that delve into the inner thoughts and emotions of its characters. The story encapsulates the complexities of love, betrayal, and the societal changes of the early 20th century, offering readers a profound reflection on the human condition amidst a world in turmoil. Ford Madox Ford, an influential figure in modernist literature, drew from his own experiences as a soldier and his rich literary background to craft this poignant narrative. His keen observations of human nature and societal shifts during the war profoundly shaped his writing. As a contemporary of notable literary figures, Ford's work often examined themes of identity and existential uncertainty, providing a fertile ground for the contemplative nature of this novel. Readers seeking a deeply reflective and psychologically intricate examination of relationships will find *A Man Could Stand Up* an invaluable addition to their literary repertoire. Ford's masterful prose and insightful characterization make this novel a compelling exploration of the struggles and resilience of the human spirit in a fractured world. **No More Parades** Ford Madox Ford, 2022-02-15 *No More Parades* (1924) is a novel by Ford Madox Ford. Set during the First World War, the novel is the story of Christopher Tietjens, a brilliant statistician and wealthy aristocrat known as the last Tory. As he moves from a faithless marriage into an affair of his own, eventually volunteering to fight under dubious, perhaps suicidal motives, Tietjens appears both symbolic and tragically human, a casualty of a dying era dedicating his final breaths to death, despair, and destruction. Adapted for television twice, a 1964 series starring Ronald Hines and Judi Dench, as well as a 2012 series starring Benedict Cumberbatch and Rebecca Hall, *Parade's End* is essential to Ford's reputation as a leading novelist of the twentieth century. In the words of W H Auden, "There are not many English novels which deserve to be called great." *Parade's End* is one of them. Having gone to war to leave his troubled romantic life behind him, Christopher Tietjens is late to realize that the glories of battle are a dangerous fiction indeed. Now a Captain, he is responsible for thousands of soldiers on the front lines of France, most of whom were not born into fortune as he was. As a German assault rains fire on their vulnerable position, as Tietjens holds a dying comrade in his arms, as he witnesses the best minds of his generation go mad amid so much destruction, Tietjens attempts to maintain a shred of his own fractured humanity. Back at home, his unfaithful wife takes full advantage of his prolonged absence, but soon longs to draw Christopher back into her life. Tragic and emotionally piercing, *No More Parades* is a story of romance, war, and betrayal that proves a brilliant sequel to *Some Do Not*. With a beautifully designed cover and professionally typeset manuscript, this edition of Ford Madox Ford's *No More Parades* is a classic work of British literature reimagined for modern readers. **Essential Novelists - Ford Madox Ford** Ford Madox Ford, August Nemo, 2020-05-09 Welcome to the Essential Novelists book series, where we present to you the
