schooler should read and reread with their son or daughter as they begin these formative and impressionable years of middle
school Herein are the keys to success Dr Dallas Blankenship Superintendent Scott Co Public Schools Parents are seldom if
ever prepared for the enormous changes their child faces entering middle school The sheltered structured and nurturing
environment that is elementary school gives way to the fast paced organized chaos of middle school Students often feel more
thrown into rather than eased into the middle school world and parents of first time middle schoolers often feel more lost
than their children The sixth grade is the time when Mom and Dad start to feel they are losing their little one forever and in a
very real sense they are Help My Child is Starting Middle School is merely an effort to help parents and their children get off
to a successful start in middle school Although primarily written for parents portions of the book can be read and used by
middle schoolers themselves At the end of each chapter are presented numerous real world middle school situations which
may very well occur As these are read parents should consider how they might address the situations and then discuss with
their child their thoughts and how they might deal with alternatives In discussing these together both parent and middle
schooler will be better prepared for what s coming in middle school *Marblehead Middle School Student Handbook,*
