The Middle East Military Balance 1985 Mark A Heller,Aharon Levran,Zeev Eytan,2019-09-10 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region With this edition The Middle East Military Balance moves to a calendar year basis The description and analysis in this volume cover the years 1984 and 1985 and the figures presented are correct as of late 1985 Part I surveys the major strategic developments in the region during the period under review Part II presents battle order information on the armed forces in the region and assesses the capabilities of the major military establishments Part III analyzes various sub regional military balances And Part IV provides updated reference materials comparative tables a glossary of weaponry maps and abbreviations *Western Strategic Interests in Saudi Arabia* Pbdirect Anthony Cordesman,2020-07-26 Saudi Arabia s strategic relations with the West involve clear and direct common strategic interests in the Gulf and in the Near East While they compete in terms of trade and oil prices they share a common commitment to private enterprise and to maintaining a stable balance of world trade Saudi Arabia often differs with given Western states in terms of specific strategic interests and tactics but these differences are rarely significant enough to prevent close cooperation Even the differences over the Arab Israeli peace issue are largely ones of timing and tactics Saudi Arabia must preserve friendly relations with Syria and is vulnerable to attacks by Arab radicals and Iran It has also differed with the US over the specific approach that should be taken to achieving an Arab Israeli peace settlement but it has consistently pushed for a peace settlement within the Arab world This book first published in 1987 analyses the interrelations between Western and Saudi strategic concerns and argues forcibly that pressure from the Israeli lobby within US domestic politics must not be allowed to interfere within the proper provisioning of the Saudi armed forces especially the air force **The Middle East Military Balance 1987-1988** Aharon Levran,Zeev Eytan,Joseph Alpher,Daphne Raz,1989-01-18 This annual reference provides a statistical study of military trends in the Middle East and a collection of essays analyzing the details and strategic significance of events in the region This edition year s Balance includes a description of the violent civil disturbances in Judea Samaria and Gaza This together with the fact that much additional data and analysis extend into 1988 justified making this the 1987 88 rather than 1987 edition of the Middle East Military Balance **The Middle East Military Balance, 1984** Mark Heller,Dov Tamari,1984 *Soldiers, Spies, and Statesmen* Hazem Kandil,2014-01-07 One of the most momentous events in the Arab uprisings that swept across the Middle East in 2011 was the overthrow of President Hosni Mubarak As dramatic and sudden as this seemed it was only one further episode in an ongoing power struggle between the three components of Egypt s authoritarian regime the military the security services and the government A detailed study of the interactions within this invidious triangle over six decades of war conspiracy and sociopolitical transformation *Soldiers Spies and Statesmen* is the first systematic analysis of recent Egyptian history This paperback edition updated to incorporate

events in 2013 provides the background necessary to understanding how the military rebranded itself as the defender of democracy and ousted Mubarak's successor Muhammad Morsi Impeccably researched and filled with intrigue Soldiers Spies and Statesmen is an indispensable guide for anyone trying to fathom what this latest development means for Egypt's future
