Salman Rushdie's Midnight's Children Norbert Schurer, 2004-09-07 The aim of this series is to provide accessible and informative introductions to the most popular most acclaimed and most influential novels of recent years **In what ways can Salman Rushdie's 'Midnight's Children' be called a 'novel of partition'?** Martin Lieb, 2008-05-19 Seminar paper from the year 2003 in the subject English Language and Literature Studies Literature grade 66% University of Sussex University of Sussex Humanities course Postcolonial Perspectives language English abstract I will not quite deal with the novel just under this focus as the question was probably intended to be but I will also discuss the book under the aspect of East and West Orient and Occident if such separations are possible is certainly another question and maybe make some references to Rushdie's more recent novels *The Ground Beneath Her Feet* and *Fury* *Midnight's Children* tells the life story of two children who are born exactly at the stroke of midnight on August 15th 1947 the day India and Pakistan achieved their independence from Great Britain in a Hospital in Bombay They are exchanged at birth and so the narrator Saleem Sinai grows up in a well to do Muslim family while his later rival Shiva has to live in a low caste Hindu environment Shiva is not even raised by Saleem's biological father since his wife who dies right away has been unfaithful to her husband with a departing English colonist Rushdie intermingles the life and family story of Saleem who tells it orally and in his probably dying days to a young woman named Padma with the history of the Indian subcontinent in his 30 years of life Together with India 1001 children see the reference to Princess Scheherezade and the Oriental Arabian Stories of 1001 Nights are born in the hour of midnight who all develop special gifts one can travel through time the other can change sexes and Saleem becomes capable of telepathy which makes him an omniscient narrator and with Shiva closest to midnight and so most powerful the possible head over the midnight parliament in which he could gather all the *Midnight's Children* to save the nation but the project is not undertaken because it would reveal Shiva now a brutal killer and India's greatest war hero the truth about his parents In this summary of the plot which is not totally correct I think I have already done a little bit of interpretation but now I will devote myself fully to the discussion of the essay question and the differences between East and West as presented by Rushdie and maybe point to a few developments he seems to have made in his recent novels

Self, Nation, Text in Salman Rushdie's "Midnight's Children" Neil ten Kortenaar, 2004 Neil ten Kortenaar examines the key critical concepts associated with contemporary postcolonial theory including hybridity mimicry national allegory and cosmopolitanism through a close reading of Salman Rushdie's *Midnight's Children*. He offers successive readings of Rushdie's novel first as an allegory of history then as a Bildungsroman and psychological study of the burgeoning of a national consciousness and finally as a representation of the nation. He shows that the hybridity of Rushdie's fictional India is not created by different elements combining to form a single whole but rather by the relations among the elements. Rushdie's India is more self-conscious than are communal identities based on language; it is haunted by a dark twin called Pakistan; it is a nation in the way England is a nation but is imagined against England; it mistrusts the openness of Tagore's Hindu India and it is at once cosmopolitan and a particular subjective location. The citizen in turn is imagined in terms of the nation. Saleem Sinai's heroic identification of himself with the state is beaten out of him until at the end he sees himself as the Common Man at the mercy of the state. **Self, Nation, Text in Salman Rushdie's *Midnight's Children*** explains the many historical and cultural references in a book that makes many demands on non-Indian readers and will be of interest to all who teach postcolonial and postmodern literature and to their students graduate and undergraduate. Moreover as an original argument about how nation states are imagined and how national consciousness is formed in the citizen it will be of interest to scholars in the area of cultural studies and postcolonial theory whether in history literature cultural studies or South Asian studies. Reading Rushdie M. D. Fletcher, 1994 Salman Rushdie is perhaps the most important writer of the present time. His significant and controversial literary interventions in debates on postcolonial culture and contemporary South Asian Islam are matched by the contribution he has made to postmodern literature in the West culminating in the award to him in 1993 of the twenty-fifth anniversary Booker of Bookers prize. This collection of articles focuses on Rushdie's five novels. The context is set by the introduction *The Politics of Salman Rushdie's Fiction* which discusses the political stance of Rushdie's fiction the various influences on his work and the textual strategies and techniques he employs for political expression and cultural critique. The postmodern postcolonial interface the carnivalesque and satire are major themes treated here and in the articles that follow which also provide diverse other perspectives on Rushdie's thought and method. A number of essays have been commissioned specially for this volume. An appendix listing selected writings by Rushdie and articles on the Satanic Verses Affair is followed by a comprehensive bibliography annotating critical studies of Rushdie's work. **Midnight's Children by Salman Rushdie (Book Analysis)** Bright Summaries, 2018-05-07 Unlock the more straightforward side of *Midnight's Children* with this concise and insightful summary and analysis.
