Mify I Realnost Etnicheskogo Separatizma V Kitae I Bezopasnost Tsentralnoi Azii

Robert Bedeski, Niklas Swanström

Mify I Realnost Etnicheskogo Separatizma V Kitae I Bezopasnost Tsentralnoi Azii:

Central Asia: Views from Washington, Moscow, and Beijing Eugene B. Rumer, Dmitri Trenin, Huasheng Zhao, 2016-09-16 The disintegration of the Soviet Union in 1991 rapidly and irrevocably transformed Central Asia's political landscape. This region of five sovereign states with a population of some fifty million people quickly became a major focus of interest and influence for competing poles of power. The eminent contributors to this volume offer a four-part analysis of the region's new importance in world affairs. Rajan Menon examines the place of Central Asia in a global perspective. Eugene Rumer considers the perspective of the post-9/11 United States. Dimitri Trenin looks at the region from the standpoint of traditional hegemon Russia. Huasheng Zhao provides the view from economic superpower in the making China. **Eurasia's Ascent in Energy and Geopolitics** Robert Bedeski, Niklas Swanström, 2012-08-06 The Sino-Russian relationship has experienced several permutations in recent decades as both states have undergone radical domestic changes including the end of Soviet communism and the abandonment of Maoism. This volume brings together scholars to address the current status of Sino-Russian relations in the political, military, energy, and trade sectors. In this comprehensive new volume, authors offer a detailed account on both the historical context and current status of relations between Russia and China and the geo-political realignments in Eurasia. This analysis of the evolving relationship addresses global strategy, energy politics, national security, human security, and Central Asian links. Individual chapters examine key issues such as China's economic ascendancy, military relations, the geostrategic position of Mongolia, Japan's views, and historical background. With authors representing a broad range of current active experts and researchers working in Europe, the US, Central Asia, China, and Japan, this book offers a long-term and in-depth analysis of the relations and potential developments in both bilateral and international relations. This work will be of great interest to scholars of international relations, Asian security, and the Eurasian region.
