The Frankenstein Archive Donald F. Glut, 2015-09-11 Mary Wollstonecraft Shelley's classic novel Frankenstein or The Modern Prometheus first published in 1818 started a phenomenon that has survived the years and permeated many aspects of popular culture. It has spawned numerous films, television programs, books, comics, stage presentations, and the like, and continues to do so today. Like the Frankenstein Monster, this work is made up of many individual parts, some of which are quite different in their specific themes but all of which relate to Frankenstein in some way. They consider the untold true story of Frankenstein, Glenn Strange's portrayals of the Monster, the portrayals of lesser-known actors who played the character Peter Cushing and his role as Baron and Dr. Frankenstein, the classic film Young Frankenstein co-written by Mel Brooks and Gene Wilder who also starred in it, the battles between good and the Monster, and other horror figures. Frankenstein in cartoons and much more. Each of the 15 essays, all written by the author, is prefaced with explanatory notes that place the essay in its historical perspective, comment on its origin and content, and where appropriate supplement the text with new, additional, or otherwise relevant information. Richly illustrated.

**Castle Films** Scott MacGillivray, 2004 Do you remember the first movie you ever owned? It was probably a product of Castle Films. Before home video, Castle Films made every living room a screening room. For four decades, the 16mm and 8mm film products of Castle Films were sold in every department store and hobby shop. Castle had big screen movies for everybody: comedies with Abbott Costello, The Marx Brothers, and W. C. Fields; monster movies with Frankenstein, Dracula, and the Wolfman; cartoons with Woody Woodpecker, Chilly Willy, and Mighty Mouse; westerns with Clint Eastwood, John Wayne, and James Stewart; travelogues of the world's picturesque places; newsreels of major headline stories; musicals with top singers and bandleaders. Collectors have always wanted a reference book detailing the total output of Castle Films. Here it is: Castle Films: A Hobbyist's Guide is a complete filmography of every title printed between 1937 and 1977. For handy reference, there are separate indexes by title, subject, and serial number; a listing of Castle's color film releases; and a special section decoding Castle's various pseudonym titles and disclosing the true identities of many films. Castle Films: A Hobbyist's Guide is a fascinating nostalgic look at one of the pioneers of home entertainment.

**Film Composers in America** Clifford McCarty, 2000 Film Composers in America is a landmark in the history of film. Here renowned film scholar Clifford McCarty has attempted to identify every known composer who wrote background musical scores for films in the United States between 1911 and 1970. With information on roughly 20,000 films, the book is an essential tool for serious students of film and a treasure trove for film fans. It spans all types of American films, from features, shorts, cartoons, and documentaries to nontheatrical works, avant-garde films, and even trailers. Meticulously researched over 45 years, the book documents the work of more than 1,500 composers, from Robert Abramson to Josiah Zuro, including the first to score an American film, Walter C. Simon. It includes not only Hollywood professionals but also many composers of concert music, as well as popular music and other genres whose cinematic work has never before

been fully catalogued The book also features an index that lets readers quickly find the composer for any American film through 1970 To recover this history much of which was lost or never recorded McCarty corresponded with or interviewed hundreds of composers arrangers orchestrators musical directors and music librarians He also conducted extensive research in the archives of the seven largest film studios Columbia MGM Paramount RKO 20th Century Fox Universal and Warner Bros and wherever possible he based his findings on the most reliable evidence that of the manuscript scores and cue sheets as opposed to less accurate screen credits The result is the definitive guide to the composers and musical scores for the first 60 years of American film
