**The Migrant Painter of Birds** Lúcia Jorge, 2001      The Migrant Painter of Birds L. Jorge, 2013-09-16 The setting of this extraordinary novel is an old farmhouse in Portugal a house far enough from the Atlantic not to hear the breaking waves during a storm but near enough for the walls to be corroded by the salt in the air With most members of her large family having left the hardship of life in this landscape of sand and stone for jobs in faraway places a young woman struggles to piece together her past from the many and differing stories she is told Left behind by a free spirited feckless father a seducer with a talent for drawing she is raised by her uncle who has married her mother The only memories of her father s one brief visit are the echoes of his footsteps on the stairs leading to her room The only signs of him are letters from the widest reaches of the world letters accompanied by brilliantly coloured drawings of exotic birds the cuckoo from India the ibis from Mozambique the goose from Labrador the hummingbird from the West Indies The daughter longs for her father and as she grows up she is determined to find him and uncover the truth Beautifully written and imagined this strikingly lyrical novel evokes the atmosphere of a rural community in a changing world and explores the timeless themes of family independence and the often painful experience of emigration      Antigone's Daughters? Hilary Owen, Cláudia Pazos Alonso, 2011-02-24 Antigone s Daughters provides the first detailed discussion in English of six well known Portuguese women writers working across a wide range of genres Florbela Espanca 1894 1930 Irene Lisboa 1892 1958 Agustina Bessa Lu s 1923 Natália Correia 1923 93 H. Lia Correia 1949 and Lúcia Jorge 1946 Together they cover the span of the 20th century and afford historical insights into the complex gender politics of achieving institutional acceptance and validation in the Portuguese national canon at different points in the 20th century Although a patrilinear evolutionary model visibly structures national literary history in Portugal to the present day women writers and critics have not generally sought to replace this with a matrilinear feminist counter history The unifying metaphor that the authors adopt here for the purpose of discussing Portuguese women s ambivalent response to female genealogy is the classical figure of Antigone who paradoxically sacrifices her own genealogical continuity in the name of defending family and kinship while resisting the patriarchal pragmatics of state building Should women writers faced with the absence of a female tradition posit a woman centred place outside the jurisdiction of male genealogy however strategically essentialist that place may be or should they primarily eschew fixed sexual identity to act as unnameable saboteurs undoing the law of patriarchal tradition from within      The Rough Guide to Portugal Rough Guides, 2014-01-01 The new look Rough Guide to Portugal in full colour throughout is the ultimate travel guide to one of the world s most popular holiday destinations Discover Portugal s hotspots with stunning photography colour coded maps and detailed listings You ll find practical advice on what to do and see in every region of the country from the resorts of the Algarve to unspoilt corners of the mountainous interior and from the surf beaches of the west coast to the most fashionable hangouts in Lisbon and Porto There are also up to date descriptions of the best hotels bars clubs shops and

restaurants for all budgets Whether you have time to browse detailed information on everything from local delicacies to walk and cycle routes or need fast fix itineraries and Top 5 boxes that pick out the highlights you won't want to miss the meticulously researched Rough Guide to Portugal will be your perfect companion Make the most of your trip with The Rough Guide to Portugal Now available in ePub format      **Take Six** Margaret Jull Costa, 2020-04-30 Take Six is a celebration of six remarkable Portuguese women writers Sophia de Mello Breyner Andresen Agustina Bessa Lu s Maria Judite de Carvalho H lia Correia Teolinda Gers o and L dia Jorge They are all past mistresses of the short story form and their subject matter ranges from finding one's inner fox to a failed suicide attempt to a grandmother and grandson battling the wind on a beach Stories and styles are all very different but what the writers have in common is their ability to take everyday life and look at it afresh so that even a trip on a ferry or an encounter with a stranger or a child's attempt to please her father become imbued with mystery and humour and sometimes tragedy Relatively few women writers are translated into English and this anthology is an attempt to rectify that imbalance and to introduce readers to some truly captivating tales from Portugal

**The Others** Javier García Sánchez, 2003 In America in one year alone four million people go missing a husband says he is just popping out to the shops and never comes back a work colleague goes outside for a cigarette and does not return Two journalists investigating a similar phenomenon in Spain are on their way to visit a man who used to be a police officer in the missing persons department but who has spent the last fifteen years in an insane asylum Both journalists feel an inexplicable sense of unease which is only exacerbated by the precipitous twists and turns of the mountain road that leads to the asylum The policeman though possibly over involved in his work had always been thought of as hard working and considerate a devoted family man Then one day he tried to shoot both his wife and son Since then the only words he has spoken are They're watching us The visit causes painful memories to resurface And as the journalists will discover too late the others are indeed all around us watching      *Modern painters.-v.5-6.
