Migration In The Sea:

Migration in the Sea Liz Oram,R. Robin Baker,1992 Describes the migration patterns of such marine animals as turtles whales salmon anemones barnacles crabs and sea lions *They Swim the Seas* Seymour Simon,2012-10-01 The oceans of the world are busy highways for creatures on the move Plankton small plants and animals some so tiny they cannot be seen without a microscope travel up to the surface and then down more than three thousand feet twice a day eight hundred pound green turtles swim more than a thousand miles to lay their eggs and spiny lobsters forming long lines walk across the ocean bottom Award winning science writer Seymour Simon and illustrator Elsa Warnick team again in this vivid companion to *Ride the Wind* Airborne Journeys of Animals and Plants Fascinating glimpses of the mysterious migration of sea creatures will enthrall and amaze young readers

The Duty of the Shipmaster to Render Assistance at Sea under International Law Felicity G. Attard,2020-08-25 In *The Shipmaster's Duty to Render Assistance at Sea under International Law* Felicity G. Attard examines the web of applicable international rules regulating one of the most fundamental obligations at sea The study explores the shipmaster's duty to render assistance at sea under treaty law customary international law and other international instruments It focuses on an assessment of the duty in light of contemporary challenges posed by the phenomenon of irregular migration by sea a problem which has intensified in recent years Whilst Article 98 of the 1982 United Nations Convention on the Law of the Sea provides the basis for the regime regulating the duty the study addresses other relevant rules adopted by the International Maritime Organization and the International Labour Organization Due to the humanitarian ramifications of the rendering of assistance at sea the book considers further obligations imposed under human rights law and refugee law The study presents a comprehensive analysis of shipmaster's responsibilities in rescue operations and their role in the fulfilment of States international obligations in the rendering of assistance

Connecting Seas and Connected Ocean Rims ,2011-04-11 Long distance migration of peoples have been a central if little understood factor in global integration The essays in this collection contribute to a new history of world migrations written by specialists of particular areas of the world Collectively these essays point towards a shift from the regional migrations of individual seas and oceans of the early modern era toward nineteenth century labor migrations that connected the Pacific and Indian to the Atlantic Oceans Detailed case studies demonstrate the importance of human migration in the development consolidation and critique of empire building theories of race modern capitalism and large scale commercial agriculture and industry on every continent
