Piper, 2014-04-09 The Gospel Behind the Gospels portrays all the major areas of current discussion and debate regarding the early source of Jesus sayings known as Q Sixteen gospel scholars have advanced the debate about this source s nature history and significance Contributors discuss Q s existence its relationship to Mark s gospel and to the Gospel of Thomas its genre its redactional history with special reference to the Son of Man and to wisdom and prophetic traditions its social history with respect to family structures and the Cynics a feminist analysis of Q its significance for the historical Jesus and for Jesus parables The volume sheds important light on Jesus and Christian origins as well as upon Q itself and it is significant for the diversity of major North American European and Japanese scholarship which is represented **Q** Harry T. Kloppenborg, 2014-07-02 This volume contains a collection of twenty one essays of John S. Kloppenborg with four foci conceptual and methodological issues in the Synoptic Problem the Sayings Gospel Q the Gospel of Mark and the Parables of Jesus Kloppenborg a major contributor to the Synoptic Problem is especially interested in how one constructs synoptic hypotheses always aware of the many gaps in our knowledge the presence of competing hypotheses

and the theological and historical entailments in any given hypothesis Common to the essays in the remaining three sections is the insistence that the literature thought and practices of the early Jesus movement must be treated with a deep awareness of their social literary and intellectual contexts The context of the early Jesus movement is illumined not simply by resort to the literary and historical sources produced by Greek and Roman elites but more importantly by data gathered from documentary sources available in non literary papyri John the Baptist Catherine M. Murphy, 2003 Examines how and why the authors of the first three Gospels shaped the story of John the Baptist around the story of Jesus Careful comparison of these foundational texts yields not only the perspectives of the Synoptic authors but also a provisional sketch of the historical figure of the Baptist which is then placed within the religious political and economic context of first century C E Judea Special attention is given to the interface between John and the Qumran community that scholars have proposed ever since the Dead Sea Scrolls were discovered **History and Literature of Early Christianity** Helmut Koester, 2012-10-25 This work has established itself as a classical text in the field of New Testament studies Written in a readable non technical style it has become an indispensable textbook and reference for teachers students clergy and the educated layperson interested in a scholarly treatment of the New Testament and its background in the Judaic and Greco Roman world **The Case Against Q** Mark Goodacre, 2002-02-01 The resurrection of Jesus is thoroughly explored using extra canonical sources to fill in the blanks Original Semeia : an Experimental Journal for Biblical Studies , 1995 An experimental journal for Biblical criticism A Critical English New Testament: presenting at one view the Authorised Version and the results of the criticism of the original text , 1870 **Luke and His Readers** Adelbert Denaux, Reimund Bieringer, Gilbert van Belle, Jozef Verheyden, 2005 Contains twenty three articles on the meaning and reception of the Gospel of Luke and Acts Publisher's web site **Q Parallels** John S.
