book is the one I wish I had read 29 years ago when my first child turned 13. Since then I have parented twelve children careening through their teen years, the twilight zone period between thirteen and eighteen years of age. Whether you think of this time period as *The Never Ending Story*, *Mission Impossible* or *Walking Through the Valley of the Shadow of Debt*, it is not only possible for you to survive your child's teenage years but to build a solid adult relationship with them. This book contains 101 ideas that can help you navigate the teenage minefield. As parents, we think we always need to have the right answer and have everything figured out. Then life happens. There is no way to plan a perfect response to the unexpected. It is essential to be hard on some things and soft on others. Confident yet understanding. Accessible yet discreetly invisible. You need to be as firm as a drill sergeant and as flexible as a yoga instructor. You need to use all of the experience you've gathered over the years but never forget what it was like to be a teenager. Parenting teenagers is not for the faint of heart and nobody gets it right all the time. The good news is this: You are already an exceptional parent. In fact, I would guess that you are in the upper percentile of good parents. I say that confidently because you are taking positive measures to improve your parenting skills by shopping for books such as this. This book is by no means the tell-all or end-all of parenting books but rather a collection of useful tips from my nearly thirty years of parenting teenagers. I would also guess that you are already doing a lot of things right. We all make mistakes and mine have been mercifully left out of this book, saved for another larger volume to be written later. Or not. *101 Tips For Parenting Teenagers Or Who Messed Up My Kid* will help you avoid some of the mistakes I made while you make YOUR journey through the teenage years. Whether you are a parent, a teenager or an innocent bystander, it is my hope that you will find the following pages enlightening and I hope a little bit entertaining.

What Parents Need to Know about Teens David A. Wolfe, 2007. As a parent, you want practical, accurate and user-friendly information to help raise your teen. You want to know what's considered normal adolescent behaviour, how to determine whether your child is on a good path, how to encourage your teen's healthy development and how to get help when problems arise. *What Parents Need to Know about Teens* is an easy-to-read booklet that addresses these issues. Author David A. Wolfe is a clinical psychologist who has worked with children and teens for more than 25 years. He holds the RBC Chair in Children's Mental Health at the Centre for Addiction and Mental Health. In his work, Dr. Wolfe has often encountered parents who describe feeling overwhelmed with the problems their teenage children bring home, especially when some of these difficulties didn't exist when they were growing up themselves. This booklet is a response to parents' concerns. Written in chatty, down-to-earth language, *What Parents Need to Know about Teens* addresses the facts and myths of teen life and teens' relationships with parents. The booklet focuses on strategies to help parents prepare teens for new responsibilities and the pressures that may accompany them. Each section of the booklet is devoted to a different parenting strategy:

1. Be an effective parent. Balance sensitivity and firmness.
2. Place an emphasis on safety, responsibility and obeying rules.
3. Teach, don't just criticize.
4. Understand your teen's development and how it affects your relationship.
5. Understand the pressures and the risks your teen
