## **Parenting Your Dog:**

**Parenting Your Dog** Trish King,2004 If you have ever found yourself comparing the joys and frustrations of raising a dog with child rearing you're not alone. With sensitivity, wit, and an innate understanding of how dogs think, renowned professional dog trainer Trish King explains that dog parenting, like parenting human children, is a labor of love requiring special consideration of your pet's unique and varied needs. While exploring the similarities between child parenting and dog parenting, King promotes insight into the canine psyche and places an emphasis on positive reward based learning. She sets forth numerous training techniques designed to strengthen the relationship between human parent and dog and offers tips on how to successfully guide one's pet through puppyhood, adolescence, adulthood, and beyond. King even provides learning strategies formulated to help resolve problem behaviors and presents guidelines on how to aid a dog's adjustment to family life. Dog parenting is not just about training; it's about forging a loving, enduring relationship with your pet. Ultimately, the connection between parent and child is heightened through caring and the numerous rewards that a commitment to one another brings. Parenting Your Dog embraces these ideals and provides the key to forming a rewarding, lasting relationship with your dog. Book jacket

**Modern Dog Parenting** Sarah Hodgson,2016-09-06 You and your dog are a lot alike. By several behavioral measures, your dog's mental abilities are equivalent to those of a two to three and a half year old toddler. Dogs can learn up to 250 words, count from one to five, and understand basic arithmetic. Your dog can imitate and understand your behavior and has a sense of fairness. Doesn't it make sense to treat these sensitive, intelligent creatures a bit more like children? Kids and dogs raised with kindness and respect grow up happy. And happy is good. Modern Dog Parenting will show readers that yes, you can love your dog and live with him too. Dogs and the people who love them are tired of the school of dominant, top dog training. They are looking for a new kind of pack leader: someone funny, enthusiastic, intuitive, approachable, and above all, effective. And they've found her. Sarah Hodgson rejects dominance-based training and gets astonishing results with a blend of wit, compassion, energy, and proven skills. She communicates instructions clearly, directs behavior compassionately, and rewards success lavishly. Topics include: Understanding the signs your dog is giving you; Having fun while learning manners; How to fit your dog into your lifestyle; How to communicate lovingly and effectively with your dog.

**Living with Kids and Dogs ... Without Losing Your Mind** Colleen Pelar,2013 Provides busy parents with simple, realistic advice to help ensure that the relationship between their kids and their dog is safe and enjoyable for all. You will learn how to help your child and dog develop a strong relationship built on trust and cooperation; set your family up for success with a minimum of effort; recognize canine stress signals and know when your dog is getting worried about normal kid activity; identify serious behavior problems before someone gets hurt; prevent your child from becoming part of a growing statistic: children who have been bitten by a dog. **Introducing Your Dog to the New Baby** Sam Hall,2015-10-28 Welcome to the Ideal Parent Book Series!
