Parents And The Experts:

Parenting Culture Studies Ellie Lee,Jennie Bristow,Charlotte Faircloth,Jan Macvarish,2023-12-26 Now in its second edition Parenting Culture Studies seeks to understand how parenting is taken as a particular mode of childrearing that reflects broader social trends Ten years after the initial volume s groundbreaking publication the authors once again closely examine how the main aspects of parenting have been established explored and critically evaluated Chapters revisit phenomena such as intensive parenting and politics around parenting as well as controversial issues including policing pregnant women s bodies and parental determinism In addition to updates throughout the volume including those addressing literature that has built from the book s original publication the book features a new third part discussing parents dealing with risk assessment school closures contradictory care arrangements and vaccine hesitancy during the COVID 19 pandemic

Indirect Parenting Interventions, Neuroscience and the Parent-Child Relationship Thomas W. Roberts,2024-10-21 This volume explores indirect parenting behavior that changes the structure of the parent child relationship examining the ecological dimension of parenting in addition to nurturance and control Drawing on neuroscientific research in parenting it provides a model for how children learn implicitly and how parents can relate to children through indirect means Roberts argues that first order parenting techniques teaching specific behaviors to reduce unwanted child behaviors are overused He examines and offers guidance on how indirect interventions that place emphasis on the interactional components of the parent child relationship such as modelling storytelling reframing humor and paradox can support parents and children in developing positive relationships Addresses the latest brain research and its application to parent child interactions Introduces the student to aspects of the parent child relationship that are not covered in most courses Useful to clinicians who work directly with parents Offers a perspective on parenting that differs from most parenting models Facilitates awareness of how unconscious and nonverbal communication affects parenting Serves to deepen the relationship with the child and curb unwanted behavior Indirect Parenting Interventions Neuroscience and the Parent Child Relationship will be thought provoking reading for students and scholars of parenting and family systems as well as clinicians who work directly with parents giving them a broader perspective in dealing with parent child interactions
