Parir Y Nacer En El Hospital:

Parir y nacer en el hospital Mirta Videla, Alberto Grieco, 1993 **Discurso médico, parto y nacimiento** Ianina Paula Lois, 2022-02-14

Discurso médico parto y nacimiento es un libro que recupera los discursos científicos y políticos que circularon en torno a la maternidad en la Buenos Aires de inicios del siglo XX. En especial da cuenta de los sentidos y las significaciones que se construyeron sobre el embarazo y el parto en las publicaciones científicas de la época. En sus páginas recorre la forma en que las instituciones médicas en cruce con los cambios políticos se configuraban como espacios centrales para la atención de la salud de las mujeres en una ciudad que crecía y se urbanizaba de forma acelerada. La medicalización del parto se vincula con otros procesos como la aparición de la obstetricia como especialidad médica, el desplazamiento de las comadronas y parteras y la influencia de ideas como el higienismo y la eugenesia. En un contexto de ideas regido por la noción de cultura científica y donde los problemas sociales son comprendidos en términos patológicos, la maternidad aparece en el discurso médico como hecho social natural, como disciplina e institución médica, como espacio hospitalario y como valor y símbolo moral. De este modo, el libro nos invita a reflexionar sobre la manera en que a partir de esos años se va a configurar la relación entre médicos y mujeres embarazadas o parturientas. Es decir, la forma en que nuestra sociedad va a organizar el nacer y el parir.
