Denean Sharpley-Whiting, 2015-02-01 Tells the fascinating story of African American women who traveled to France to seek freedom of expression During the Jazz Age France became a place where an African American woman could realize personal freedom and creativity in narrative or in performance in clay or on canvas in life and in love These women were participants in the life of the American expatriate colony which included F Scott Fitzgerald Gertrude Stein and Cole Porter and they commingled with bohemian avant garde writers and artists like Picasso Breton Colette and Matisse Bricktop s Paris introduces the reader

to twenty five of these women and the city they encountered. Following this nonfiction account T. Denean Sharpley Whiting provides a fictionalized autobiography of Ada Bricktop Smith which brings the players from the world of nonfiction into a Paris whose elegance masks a thriving underworld. Bricktop's Paris vibrantly recreates and reimagines the fascinating world of Jazz Age Paris by placing black women at the center of the story. T. Denean Sharpley Whiting gives us a valuable new perspective on Ada Bricktop Smith giving her the prominence usually attributed to Josephine Baker. She also provides detailed portraits of other singers, musicians, writers, and artists who left America for the French capital. Written with enthusiasm and insight, Bricktop's Paris underscores the importance of women to transatlantic black modernity. Tyler Stovall, author of Paris Noir: African Americans in the City of Light, Bricktop's Paris is a remarkable feat. Sharpley Whiting's book is a woman's story about dreaming and making dreams happen. It is a political story, a story about migration and re-creation. It is a dazzling account of bold women reshaping their lives as New Women, Modern Women, and black women in Europe. A woman's place is not only viewed in the sphere of domesticity through Sharpley Whiting's writing; she also reimagines the complexity of life far away from home and on stage in the studio and in the nightclub. She captures their spirit and desires and walks us through this history arm and arm, singing, writing, dancing, and making art. I fell in love with these women as I empathized with their struggles; some of them I knew through other writings, but through Sharpley Whiting I felt as if I knew them intimately as they made their lives count some fifty years after Reconstruction. She restores their voices and their bodies and makes them present for the contemporary reader. Brilliant Deborah Willis, author of *Posing Beauty: African American Images from the 1890s to the Present*, Bricktop's Paris is a marvelous book that further consolidates Sharpley Whiting's record of pioneering research, a meticulous archeological excavation of the artistic, cultural, political, and social contributions made by African American women in Paris during the interwar years. This was a period that increasingly linked racial advocacy with colonial emancipation and during which African American women achieved unprecedented levels of creative and personal freedom while shaping broader conversations on identity and race. Bricktop's Paris promises to inspire a new generation of researchers and will become an incontrovertible point of reference in assessing the intellectual history of the era.

The 21st was the only North Carolina regiment with Stonewall Jackson during his 1862 Valley Campaign and remained with the same division throughout the war. It participated in every major battle fought by the Army of Northern Virginia except the 1864 Overland Campaign when General Lee sent it to fight its own intense battles near New Bern and Plymouth. This book is written from the perspective of the 1,942 men who served in the regiment and is filled with anecdotal material gleaned from more than 700 letters and memoirs. In several cases
