investment and many other business arrangements There are more than 390 footnotes and an index I have been working on this book for almost four years which included many hours of research and the development of a timeline My research helped bring forth answers to questions regarding notable gambling operators Mafia chiefs U S Senators Governors and memorable events One such event solves a mystery of a bomb assassination plot and a shooting politicians were compromised Hoffa pulled strings and there are heretofore undisclosed facts that involve President Kennedy s assassination I never dreamed these details would ever be uncovered Francesca and Carlotta Rondoli, and Other Stories Guy de Maupassant,1903
