**Paris Journal: 1944-1955** Janet Flanner,1988    **Left Bank** Agnès Poirier,2018-02-13 An incandescent group portrait of the midcentury artists and thinkers whose lives loves collaborations and passions were forged against the wartime destruction and postwar rebirth of Paris In this fascinating tour of a celebrated city during one of its most trying significant and ultimately triumphant eras Agnes Poirier unspools the stories of the poets writers painters and philosophers whose lives collided to extraordinary effect between 1940 and 1950 She gives us the human drama behind some of the most celebrated works of the 20th century from Richard Wright s Native Son Simone de Beauvoir s The Second Sex and James Baldwin s Giovanni s Room to Samuel Beckett s Waiting for Godot and Saul Bellow s Augie March along with the origin stories of now legendary movements from Existentialism to the Theatre of the Absurd New Journalism bebop and French feminism We follow Arthur Koestler and Norman Mailer as young men peek inside Picasso s studio and trail the twists of Camus s Sartre s and Beauvoir s epic love stories We witness the births and deaths of newspapers and literary journals and peer through keyholes to see the first kisses and last nights of many ill advised bedfellows At every turn Poirier deftly hones in on the most compelling and colorful history without undermining the crucial significance of the era She brings to life the flawed visionary Parisians who fell in love and out of it who infuriated and inspired one another all while reconfiguring the world s political intellectual and creative landscapes With its balance of clear eyed historical narrative and irresistible anecdotal charm Left Bank transports readers to a Paris teeming with passion drama and life    **True Nature** Lance Richardson,2025-10-14 The first biography of Peter Matthiessen the novelist naturalist and Zen roshi whose trailblazing work championed Native American rights and helped usher in the modern environmental movement by award winning writer Lance Richardson A stunning formidable achievement by a brilliant biographer Lance Richardson takes his readers on a wild ride with Peter Matthiessen Kai Bird Pulitzer Prize winning co author of American Prometheus A fair minded grippingly paced and tremendously readable narrative Pico Iyer Air Mail Peter Matthiessen 1927 2014 a towering figure of twentieth century American letters achieved so much during his lifetime in so many different areas that people have struggled to pin him down While ambivalent about his WASP privilege as a teenager he demanded that his name be removed from the New York Social Register he attended Yale and cut his teeth in postwar Paris co founding The Paris Review as he worked undercover for the CIA But then after a rebellious stint as a Long Island fisherman he escaped into a series of wild expeditions floating through the Amazon to recover a prehistorical fossil embedding with a tribe in Netherlands New Guinea swimming with sharks off the coast of Australia His novels inspired by his travels were unclassifiable meditations about Caymanian turtle hunters and frontier outlaws in the Florida Everglades Meanwhile his nonfiction became legendary nature books like Wildlife in America key parts of the canon of emergent environmental writing says Bill McKibben as well as advocacy journalism supporting Cesar Chavez Leonard Peltier and Native American land claims Underlying all Matthiessen s disparate pursuits was the same

existential search to find a cure for deep restlessness This search was most profoundly articulated in The Snow Leopard his famous account of a 250 mile wildlife survey across the Himalayas In True Nature Lance Richardson reconstructs the full scope of a spiritual quest that ultimately led Matthiessen even as he inflicted great pain on his family to the highest ranks of Zen Drawing on rich primary sources and hundreds of interviews Richardson depicts Matthiessen s life with page turning immediacy while also illuminating how the writer s uncanny gifts enabled him to sense connections between ecological decline racism and labor exploitation to express eloquently and presciently that in a damaged human habitat all problems merge

**américanistes de Paris ,1914** *The Paris Metro* Susan L. Plotkin,2000-12 The metro may be a mere hundred years old but it tells a tale of France twenty times as long The story begins in the fifth century BC when wild Celtic tribes roamed the countryside of Gaul Then Julius Caesar imposed a Roman rule that lasted five hundred years and forced the Celts to settle down All that seems like only yesterday to a Frenchman because those Celts and Romans are close friends to every reader of the French comic book series Asterix Asterix and his fellow Celts live quite happily in a small fortified enclave in Brittany in northwestern France Their idyllic primitive existence is occasionally intruded upon by those nasty Roman conquerors but the Celts always manage to get the best of the Romans despite great odds Al sia M tro Line 4 The Battle of Al sia 52 BC is the oldest event commemorated in the Paris Metro The Celtic warrior Vercing torix managed to unite competing tribes against the Romans in one last attempt to save Gallic independence It was not an easy task It was difficult to live with let alone lead these autonomous quarrelsome groups Vercing torix planned to wage hit and run guerrilla warfare to starve the Romans into defeat by destroying the crops in their path as they penetrated deeper into Gaul in pursuit of the pesky Celts In the town of Bourges the local population refused to allow the destruction of their wheat a fatal mistake Caesar descended on the town and confiscated it for his hungry troops With renewed energy the Romans gave chase The Celts retreated to a high plateau called Al sia where they were quickly surrounded by Caesar s forces The table was now turned Caesar built a fortification around Al sia twelve and a half miles in circumference It consisted of a double row of spikes one facing inward and the other outward which prevented both escape and the re provisioning of the rebels The Celts had only a month s worth of provisions but somehow they held out for two by which time the men were famished and exhausted Vercing torix surrendered Few lives had been lost in battle but countless numbers died of starvation Vercing torix was imprisoned in Rome where six years later when he was all but forgotten Caesar had him strangled to death Both the Celts who lost and the Romans who won have contributed much to French culture so it s a tricky thing for the French to say whether Al sia was a victory or a defeat One thing is clear in real life the Celts did not always win In the end it was most likely the mountains of horse manure that gave birth to the Paris Metro During the last quarter of the 19th century Paris did not lack the means of transport What it patently lacked was a transportation system There were competing omnibus lines trams trains and private conveyances all

overlapping most taking roundabout routes throughout the city hindering one another and certainly hindering business Forty lines of horse drawn omnibuses traversed Paris in 1870 and ten thousand horses were required to pull them The maintenance of the horses ate up fifty percent of the entire company budget Each omnibus held about 20 passengers half of them riding on top of the carriage By the turn of the century the omnibuses carried as many as forty people each still with many sitting on the carriage roof The roads were made of cobblestones or wood planks or sometimes just hardened mud there were no shock absorbers on the carriages and the stench from the horse manure was overwhelming One hundred million passengers used the omnibuses that year probably half of them holding perfumed handkerchiefs to their noses to ward off the stench    **Newspapers in Microform** Library of Congress.
