Parole Balthasar:

Divine Fruitfulness Aidan Nichols, 2007 This fifth and final book in Aidan Nichols Introduction to Hans Urs von Balthasar series covers Balthasar's prodigious output from the 1940s to his death in 1988 leaving aside the great multi volume trilogy Nichols identifies Balthasar's most significant sources including the Church Fathers especially Origen Gregory of Nyssa Maximus the Confessor and Augustine Henri de Lubac Karl Barth and Adrienne von Speyr He then guides the reader through Balthasar's works thematically covering fundamental theological themes revelation and theology divine providence the paschal mystery Mary and the church the saints prayer and mysticism and Christian literature *Christian Wisdom Meets Modernity*, 2016-05-05 The Illuminating Modernity series examines the great but lesser known thinkers in the Romantic Thomist tradition such as Erich Przywara and Fernand Ulrich and shows how outstanding 20th century theologians like Ratzinger and von Balthasar have depended on classical Thomist thought and how they radically reinterpreted this thought The chapters in this volume are dedicated to the encounter between the presuppositions and claims of modern intellectual culture and the Christian confession that the crucified and resurrected Jesus is the power and wisdom of God and is the lord of history and of his church The scholars contributing to this discussion do not assume that Christianity and modernity are two discrete entities which can be readily defined nor do they presume that Christian wisdom and modernity meet each other only in conflict or by coincidence They engage with a variety of great figures Kierkegaard Heidegger Rahner Przywara Guardini Karl Barth and Karol Wojtyla to illustrate the connection between modernism and Christian wisdom The volume concludes with a programmatic statement for the renewal of Christian philosophy that has been able to retain the cosmo theological vision as outlined by Mezei in the final chapter *The Eucharistic Form of God* Jonathan Martin Ciraulo, 2022-03-15 This study presents Hans Urs von Balthasar's theology of the Eucharist and shows its significance for contemporary sacramental theology Anyone who seeks to offer a systematic account of Hans Urs von Balthasar's theology of the Eucharist and the liturgy is confronted with at least two obstacles First his reflections on the Eucharist are scattered throughout an immense and complex corpus of writings Second the most distinctive feature of his theology of the Eucharist is the inseparability of his sacramental theology from his speculative account of the central mysteries of the Christian faith In *The Eucharistic Form of God* the first book length study to explore Balthasar's eucharistic theology in English Jonathan Martin Ciraulo brings together the fields of liturgical studies sacramental theology and systematic theology to examine both how the Eucharist functions in Balthasar's theology in general and how it is in fact generative of his most unique and consequential theological positions He demonstrates that Balthasar is a eucharistic theologian of the highest caliber and that his contributions to sacramental theology although little acknowledged today have enormous potential to reshape many discussions in the field The chapters cover a range of themes not often included in sacramental theology including the doctrine of the Trinity the Incarnation and soteriology In addition to treating Balthasar's own sources Origen Gregory of

Nyssa Pascal Catherine of Siena and Bernanos Ciraulo brings Balthasar into conversation with contemporary Catholic sacramental theology including the work of Louis Marie Chauvet and Jean Yves Lacoste The overall result is a demanding but satisfying presentation of Balthasar s contribution to sacramental theology The audience for this volume is students and scholars who are interested in Balthasar s thought as well as theologians who are working in the area of sacramental and liturgical theology
