Parque Park:

Fútbol in the Park David Trouille, 2021-02-02 You know the scene amateur soccer players battling over the ball spectators cheering from the sidelines vendors selling their wares from carts Over the past half century immigration from Latin America has transformed the public landscape in the United States and numerous communities are witnessing one of the hallmarks of this transformation the emergence of park soccer In *F tbol in the Park* David Trouille takes us into the world of Latino soccer players who regularly play in an upscale Los Angeles neighborhood where they are not always welcome Together on the soccer field sharing beers after the games and occasionally exchanging taunts or blows the men build relationships and a sense of who they are Through these engrossing revealing and at times immortalizing activities they forge new identities friendships and job opportunities giving themselves a renewed sense of self worth and community As the United States becomes increasingly polarized over issues of immigration and culture *F tbol in the Park* offers a close look at the individual lives and experiences of migrants *Bogotá from the Air*, 2002 Majestic at 2 600 metres above sea level Bogot shows its best face from the air The book provides a different perspective to admire the best facet of one of the largest cities in South America and to enjoy it with the dignity that only height can provide From north to south and from east to west Bogot from the Air is a due homage to the city that is capable of bringing as many emotions as people together The book is the testimony of an evolutionary model that has turned the city over the past forty years into an urban centre in constant growth improvement and expansion However the city s evolution has managed to maintain the individual the citizen at the heart of this process Far from turning the city into a huge stone mass of asphalt and buildings its development renews it and floods it with vitality considering the fact that it breathes feeds and lives The traditional barrios parks historical and cultural centres dress up Bogot in its most splendorous gown to show it from a perspective that its early settlers could have never imagined 500 years ago
