Parsing Through Customs Essays By A Freudian Folklorist:

Parsing through Customs Alan Dundes, 2003-03-28 In these stimulating essays Alan Dundes presents a history of psychoanalytic studies of folklore while also showing how folklore methodology can be used to clarify and validate psychoanalytic theory Dundes work is unique in its symbolic analysis of the ordinary imagination His data are children s games folktales everyday speech cultural metaphors for power and prestige and rituals associated with childbirth **Killing Tradition** Simon Bronner, 2008-11-21 Across the country and around the world people avidly engage in the cultural practice of hunting Children are taken on rite of passage hunting trips where relationships are cemented and legacies are passed on from one generation to another Meals are prepared from hunted game often consisting of regionally specific dishes that reflect a community s heritage and character Deer antlers and bear skins are hung on living room walls decorations and relics of a hunter s most impressive kills Only 5 percent of Americans are hunters but that group has a substantial presence in the cultural consciousness Hunting has spurred controversy in recent years inciting protest from animal rights activists and lobbying from anti cruelty demonstrators who denounce the custom But hunters have responded to such criticisms and the resulting legislative censures with a significant argument in their defense the claim that their practices are inextricably connected to a cultural tradition Further they counter that they as representatives of the rural lifestyle pioneer heritage and traditional American values are the ones being victimized Simon J Bronner investigates this debate in *Killing Tradition Inside Hunting and Animal Rights Controversies* Through extensive research and fieldwork Bronner takes on the many questions raised by this problematic subject Does hunting promote violence toward humans as well as animals Is it an outdated activity unnecessary in modern times Is the heritage of hunting worth preserving *Killing Tradition* looks at three case studies that are at the heart of today s hunting debate Bronner first examines the allegedly barbaric rituals that take place at deer camps every late November in rural America He then analyzes the annual Labor Day pigeon shoot of Hegins Pennsylvania which brings animal rights protests to a fever pitch Noting that these aren t simply American concerns and that the animal rights movement in America is linked to British animal welfare protests Bronner examines the rancor surrounding the passage of Great Britain s Hunting Act of 2004 the most comprehensive and divisive anti hunting legislation ever enacted The practice of hunting is sure to remain controversial as it continues to be touted and defended by its supporters and condemned and opposed by its detractors With *Killing Tradition* Bronner reflects on the social psychological and anthropological issues of the debate reevaluating notions of violence cruelty abuse and tradition as they have been constructed and contested in the twenty first century **Parsing Through Customs** Alan Dundes, 1987-07-15 Seven essays concerned with the application of psychoanalytic theory to folklore **Psychoanalytic Approaches to Myth** Daniel Merkur, 2005 First Published in 2005 Routledge is an imprint of Taylor Francis an informa company *The Psychoanalytic Study of Society, V. 18* L. Bryce Boyer, Ruth M. Boyer, Stephen M. Sonnenberg, 2018-12-07 Opening with a critical appreciation of Alan Dundes M Carroll and

Dundes's own cross cultural study of the cockfight Volume 18 includes chapters on psychoanalysis and Hindu sexual fantasies W Doniger the modern folk tale The Boyfriend's Death M Carroll a gruesome Eskimo bedtime story R Boyer the homosexual implications of Argentinean soccer M Suarez Orozco and the symbolism of a Malaysian religious festival E Fuller

Masculinity, Motherhood, and Mockery Eric Kline Silverman, 2001 An important ethnographic analysis of motherhood in one Melanesian society

Wild Games Dennis Ray Cutchins, Eric Alden Eliason, 2009 Humans understand at least some of what it means to be human both literally and figuratively in reference to wild animals Our relationships with wildlife have traditionally been expressed in terms of hunting more recently these relationships have also been manifest as efforts to prevent hunting Hunting and fishing traditions are in fact under fire by critics at the same time that they are receding of their own accord perhaps becoming even more endangered than any of the pursued animals These traditions form the major focus of Wild Games a new collection of essays that looks at the folklore and culture of various hunting and fishing practices documenting the central importance of hunting to many rural societies even in modern times Editors Dennis Cutchins and Eric Eliason contend that hunters often don't perceive of themselves as separate from the wild but rather identify strongly with a natural order integrated with rather than standing apart from the fluctuation of ecosystems And they frequently don't see wild animals as set apart but understand them as food sources competitors friendly rivals and even equals Featuring contributions from a variety of distinguished scholars and writers including an essay by the noted folklorist Simon Bronner on the culture of the deer camp a fascinating account of coyote tracking by Eric Eliason and an examination of the role of gender in outdoor life by Diane Humphrey Lueck this book shows how the traditions of hunting and fishing tend to bind hunter and prey into ancient patterns that often defy contemporary culture Book Jacket

Guns and Contemporary Society Glenn H. Utter, 2015-12-01 This three volume set examines various approaches to firearms including constitutional and legal issues public health and criminal justice concerns and perspectives on personal safety and self defense Recent mass shootings have led to renewed calls for additional legislation at the state and federal levels to address gun access and control In this hard hitting compilation experts delve into various aspects of firearms in America from gun control and gun rights to militia movements to school related shootings and to the recent trends in gun ownership by women Authors from varied backgrounds and viewpoints share their perspectives on the pros and cons of firearm ownership as all of the following a constitutional right a key instrument of self defense a guarantee of political freedoms and as a major factor in crime and personal injury The reference is divided into three volumes The first volume covers firearm history legislation and policy the second volume explores public opinion gun ownership trends international laws and self defense and the third considers popular debates about firearm policy including concealed carry of firearms terrorism and the ownership of firearms background checks for purchasing guns and stand your ground laws The work concludes with an informed debate on gun policy between Richard Feldman president of the Independent Firearm Owners and Paul Helmke former president of the

Brady Campaign to Prevent Gun Violence **At Play in Belfast** Donna M. Lanclos, 2003 Annotation An exploration of children's lives through the lens of Folklore *Journal of Folklore Research* , 2005 Folklore Interpreted Regina Bendix, Rosemary Lévy Zumwalt, 1995 Psychoanalysis, Psychology and Literature Norman Kiell, 1990-03 A continuation of Kiell's emeritus psychological services Brooklyn College two volume Scarecrow Press edition 1982 The 7 754 listings cover books articles and monographs dealing with literary writing from a psychological point of view during 1980-87 Annotation copyright Book News Inc Portland OR *Southern Folklore* , 1995 JASO , 1987 *Transactions* , 1994 **Sociolinguistics and Pidgin-Creole Studies** John R. Rickford, 1988 International Journal of the Sociology of Language , 1974 Student Worlds, Student Words Elizabeth Radin Simons, 1990 This book encourages students to write about what is most compelling to them themselves Designed for language arts teachers this book renders the world of folk culture accessible to teachers in any discipline Offers detailed classroom activities **Sometimes the Dragon Wins** Alan Dundes, Carl R.
