## **Partisan Century:**

**A Partisan Century** Edith Kurzweil, 1996-09-12 For more than sixty years Partisan Review has been the most influential literary and cultural journal in America home to some of this century's finest writers. A Partisan Century now collects the journal's greatest political essays from the 1930s to the present. The list of writers collected here is a virtual who's who of American and European intellectual culture in the past half century: Leon Trotsky, James T. Farrell, Irving Howe, Hannah Arendt, Norman Mailer, C. Wright Mills, Arthur Schlesinger Jr., Nat Hentoff, Steven Marcus, Andrei Sakharov, and many more. A Partisan Century gathers together some of the journal's most outstanding moments from George Orwell's *London Letter* written when invasion by Nazi Germany seemed imminent to Susan Sontag's 1964 essay *Notes on Camp*, a harbinger to the age of postmodernism; to Steven Marcus's *Soft Totalitarianism*, part of a rousing symposium on the effects of political correctness. On the subjects ranging from the Cold War to the neoconservatives from the war in Vietnam to revolutionaries in Romania, the writings in A Partisan Century are a barometer of the shifts in global politics in the twentieth century.

**The Sealed Envelope** George Scialabba, 2026-01-20 An award winning author argues for the necessity of cultural critics and intellectuals to American democracy. This incisive collection of essays investigates the moral imagination of modernism and our intellectual and political inheritance. George Scialabba offers a series of portraits of and arguments with American and European thinkers of the past hundred years ranging from conservatives such as John Gray, William Buckley, and Jonathan Haidt to radicals such as Dwight Macdonald, Christopher Hitchens, and Bill McKibben. In our moment of democracy under siege with intellectual work popularly derided as only for elites, Scialabba champions such thinkers as Richard Rorty, Barbara Ehrenreich, and Christopher Lasch with their emphasis on democratic political culture and their faith in the capacities of ordinary people and the importance of intellectual work. This collection passes on these values in a sealed envelope as Rilke says of love between selfish lovers for future generations to use in crafting their own intelligent utopia.

**Judicial Elections in the 21st Century** Chris W. Bonneau, Melinda Gann Hall, 2016-12-08 Leading authorities present the latest cutting edge research on state judicial elections. Starting with recent transformations in the electoral landscape including those brought about by U.S. Supreme Court rulings, this volume provides penetrating analyses of partisan, nonpartisan, and retention elections to state supreme courts, intermediate appellate courts, and trial courts. Topics include citizen participation, electoral competition, fundraising and spending, judicial performance evaluations, reform efforts, attack campaigns, and other organized efforts to oust judges. This volume also evaluates the impact of judicial elections on numerous aspects of American politics, including citizens' perceptions of judicial legitimacy, diversity on the bench, and the consequences of who wins on subsequent court decisions. Many of the chapters offer predictions about how judicial elections might look in the future. Overall, this collection provides a sharp, evidence based portrait of how modern judicial elections actually work in
