## **Partisan Review:**

A Partisan Century Edith Kurzweil, 1996-09-12 For more than sixty years Partisan Review has been the most influential literary and cultural journal in America home to some of this century's finest writers. A Partisan Century now collects the journal's greatest political essays from the 1930s to the present. The list of writers collected here is a virtual who's who of American and European intellectual culture in the past half century: Leon Trotsky, James T. Farrell, Irving Howe, Hannah Arendt, Norman Mailer, C. Wright Mills, Arthur Schlesinger Jr., Nat Hentoff, Steven Marcus, Andrei Sakharov, and many more. A Partisan Century gathers together some of the journal's most outstanding moments from George Orwell's *London Letter* written when invasion by Nazi Germany seemed imminent to Susan Sontag's 1964 essay *Notes on Camp*, a harbinger to the age of postmodernism; to Steven Marcus's *Soft Totalitarianism*, part of a rousing symposium on the effects of political correctness. On the subjects ranging from the Cold War to the neoconservatives from the war in Vietnam to revolutionaries in Romania, the writings in A Partisan Century are a barometer of the shifts in global politics in the twentieth century.

**Writers & Politics** Edith Kurzweil, William Phillips, 1983-01-01      **A Partisan View** William Phillips, 2004 Since its founding in 1937 Partisan Review has been one of the most important and culturally influential journals in America. Under the legendary editorship of William Phillips and Philip Rahv Partisan Review began as a publication of the John Reed Club but soon broke away to establish itself as a free voice of critical dissent. As such it counteracted the inroads of cultural Stalinism and took up the fight for aesthetic modernism at a time when the latter was fiercely contested by both the political left and the right. In A Partisan View William Phillips gives a vivid account of his own part in the magazine's eventful history. As the magazine's current editor Edith Kurzweil notes in her new introduction many of the literary and political disagreements that famously marked Partisan Review's history originated in the editors initial adherence to a program of radical politics and avant-gardism. Although this proved increasingly unworkable Phillips and Rahv even from the outset never allowed sectarian narrowness to determine the magazine's contents. Over the decades Partisan Review published work by authors as far from radicalism as T. S. Eliot and Wallace Stevens or from Marxist orthodoxy as Albert Camus and George Orwell. In literature its contributors were as stylistically and intellectually varied as Saul Bellow, Vladimir Nabokov, Robert Lowell, and Isaac Bashevis Singer. In short Partisan Review featured the best fiction, poetry, and essays of the 1940s and postwar decades. Beyond its literary preeminence Partisan Review was famed as the most representative journal of the New York Intellectuals. Much of the quality of Partisan Review came from Phillips own broad culture cosmopolitanism and intellectual tolerance. As Edith Kurzweil writes he kept trying to find a category of criticism that might enable us all to better come to grips with the complexities of our ever changing world. Now in paperback A Partisan View will be of keen interest to intellectual historians as well as literary scholars. William Phillips 1907-2002 was one of the founding editors of Partisan Review and served as editor in chief from the late 1960s. He was the author of A Sense of the Present. Edith Kurzweil is the editor of Partisan

the working class poor as a millinery apprentice or a diamond cutter Instead of entering college life she eventually became a conventional American housewife Unhappy and anxious she anticipated the social changes in America and returned to Europe with her second husband and her two children She arrived at the beginning of the Italian miracle its post war revitalization In Milan she met many Americans as an active member of its community and of the British American club After personal tragedy she returned to New York and only then pursued her early intellectual ambitions The author eventually became a professor of sociology and quickly climbed up the academic ladder Just as she had been as a little girl she still wanted to know everything beginning with her study of Italian entrepreneurs and going on to European history and French thought to psychoanalysis and anti Semitism Her early writings prompted William Phillips co founder and editor of Partisan Review to invite her into the elite circle of New York intellectuals She worked alongside him first as a reader then as executive editor and took over the editorship of the legendary journal during its final period Kurzweil s journey was one of courage and of emotional and intellectual growth Full Circle will be of interest to intellectual and cultural historians literary and Holocaust scholars and American studies specialists     *Orwell's Politics* J.
