Partisan Warfare 1941 1945:

Partisan Warfare 1941-45 Nigel Thomas, Peter Abbott, 2010-02-09 During 1941 the Germans occupied first Greece and the former Yugoslavia then enormous areas of European Russia. Once the front line troops had moved on the struggle continued as bands of resistance fighters waged war against the occupation forces until their final withdrawal. The term partisan is associated with Communist led bands and they were often the most fanatical defenders of the Soviet realm. However there were also non Communist resistance groups which were nationalist and broadly constitutionalist and as a result a complicated three way war developed. This book details the guerrilla war which was waged in the various regions and the uniforms and equipment of the combatants. The Soviet Partisan Movement, 1941-1944 Leonid D. Grenkevich, 1999 Leonid Grenkevich offers an account of the shadowy partisan struggle that accompanied the Soviet Union's Great Patriotic War 1941-1945. **Anti-partisan Warfare in the Balkans, 1941-1945** S. Corkery, 1999 *Hitler's War Against the Partisans During the Kursk Offensive* Antonio J Muñoz, 2025-11-25 By the summer of 1943 the Soviet partisan forces had grown from small disorganized groups into a formidable fighting force. Hitler still holding some advantages hoped to crush a Red Army salient near Kursk and shorten the front lines with a localized offensive. However the Soviets anticipated the attack and built extensive defense lines to thwart it, employing large numbers of partisans to disrupt German preparations. The critical period of 1943 saw intense fighting behind German lines particularly during the Battle for the Rails in July and August. Stalin's partisans worked relentlessly to block the flow of German supplies and troops, forcing the Germans to contend with a growing insurgency. Dr Antonio J Muñoz's book examines these guerrilla operations using German maps to detail partisan movements and the German response which included increasing anti-partisan operations. The year 1943 marked a turning point in the war on the Eastern Front. While Stalingrad in 1942 revealed Germany's inability to win in Russia, the failed Battle of Kursk in 1943 demonstrated the inevitable loss of the war. The partisan efforts were so successful that by August 1943 only 80% of the trains carrying supplies reached Army Group Centre's front lines. **Hitler's War Against the Partisans During The Stalingrad Offensive** Antonio J Muñoz, 2025-05-30 From the start of the war on the Eastern Front Hitler's Ostheer his Eastern Army and its associated forces would wage a vernichtungskrieg or war of annihilation in the East. Never before had such a wide reaching campaign been fought. The preparations for the war against the partisans began before the launches of Operation Barbarossa during which the Axis forces immediately put their plans into effect. The effects upon the newly conquered territories were soon being felt. The end of the initial phase of the German invasion of the Soviet Union was met by a Red Army winter offensive which began on 5 December 1941. As the author shows this had repercussions behind the German lines where the nascent Soviet partisan movement was attempting to grow and gain a foothold. By the spring of 1942 those early Soviet partisan units were ready to expand. The Germans aware of the military situation both on the frontlines and in the rear of their armies also prepared to counter the growing partisan threat.

The partisans undoubtedly made a significant contribution to Stalin's war effort by countering Axis plans to exploit occupied Soviet territories economically as well as providing valuable assistance to the Red Army by conducting systematic attacks against Hitler's rear communication network. As the German military planned to continue the Russian campaign into the summer of 1942, new security forces were gathered together and sent to the Soviet Union and a new headquarters specifically organized to fight the guerrilla menace was established. In this follow-up study, author Antonio Muñoz picks up the partisan and anti-partisan struggle in the East where Hitler's War Against the Partisans During Operation Barbarossa left off. The struggle behind the frontlines in Russia proved to be as grand and epic as the fight along the front lines. Dr. Muñoz describes this war of attrition along the entire breadth of the USSR. In 1942, the Ostheer acting on Adolf Hitler's orders launched their 1942 summer offensive which was aimed at capturing the Caucasus Mountains and the Russian oil fields that lay there. Dr. Muñoz not only covers the war behind the lines in every region of the occupied USSR but also describes the German anti-partisan effort behind the lines. Army Group South as its forces drove into the Caucasus Mountains, the Volga River bend, and Stalingrad. No other work has included the guerrilla and anti-partisan struggle specific to the Stalingrad campaign. Muñoz manages to accomplish this but also to convey the story of the rest of the partisan and anti-guerrilla war in the rest of the USSR from the spring of 1942 to the spring of 1943. *The Russo-German War, June 1941-May 1945* W. Victor Madej, W. Victor Madeja, 1986

The Nazi War Against Soviet Partisans, 1941-1944 Matthew Cooper, 1979 Set largely in Eastern Europe, this is the history of one of the pivotal struggles of World War II. A story of action, retaliation, and reprisals that involved some two million people told from both sides of the rifle sights. **Hitler's War in the East, 1941-1945** Rolf-Dieter Müller, Gerd R. Ueberschär, 1997 There is still a widespread assumption that the Second World War was won in the West when in fact the tide was first turned on the Eastern front. This book, written by two internationally known experts on the subject, argues that Hitler's Ostkrieg was the central event of the global conflict between the Allies and the Axis powers. However, this is much more than a traditional military political history; it deals with Nazi crimes and economic exploitation with the psychological war. No less significantly, this volume provides a guide to the extensive literature on the war in the East, including largely unknown Soviet writing on the subject. Indispensable for military historians but also for all scholars who approach this crucial period in world history from a socio-economic or cultural perspective. **Soviet Partisan vs German Security Soldier** Alexander Hill, 2019-10-31 An acknowledged expert investigates the clashes between Soviet partisans and their German and locally recruited opponents on the Eastern Front during World War II. [Airpower and Russian Partisan Warfare](#) Karl Drum, 1968 This study may serve to create an enhanced awareness of the impact of partisan operations on modern warfare. Indeed, the systematic use of partisans in conjunction with regular forces has had the effect of adding another dimension to war, that of depth. One of the lessons of the German-Russian struggle lies in the serious contribution made by Russian partisan forces to the defeat of the German Army. General der Flieger a. D. Karl Drum

was born in 1893 He entered military service with the German Army in 1913 and in 1916 he was assigned to the Air Force At the beginning of World War II General Drum was Chief of Staff to the Luftwaffe General with Commander in Chief Army During 1941-42 he was Chief Air Support Command Army Group South Russia After this assignment and until the end of the war General Drum held a series of Luftwaffe administrative positions in Holland Greece Belgium and Northern France and finally in Western France where he was Commanding General and Commander in Chief of the Luftwaffe Administrative Command Western France

German Anti-partisan Warfare in Europe, 1939-1945 Colin D. Heaton, 2001 The German invasion conquest and occupation of Europe sparked a civilian insurgency response never before witnessed in history Understanding Germany's military and political failure is crucial in today's world where unwelcome occupation forces often in the guise of peace keepers as well as invaders attempt to maintain order in a world gone mad This new book uses exclusive interviews with German and Allied soldiers and commanders as well as civilian irregulars who participated in irregular warfare either as partisans or guerrillas during World War II These interviews prove pivotal in supporting the records of both sides separating fact from fiction and finally determining the actual causation of political nationalist or even personal actions that destroyed a continent

Airpower and Russian Partisan Warfare General Der Flieger a. D. Karl Drum, 2017-06-28 Airpower and Russian Partisan Warfare written by General der Flieger a. D. Karl Drum and first published in 1962 is one of a series of historical studies written by or based on information supplied by former key officers of the German Air Force for the United States Air Force Historical Division The overall purpose of the series is threefold 1 To provide the United States Air Force with a comprehensive and insofar as possible authoritative history of a major air force which suffered defeat in World War II 2 to provide a history of that air force as prepared by many of its principal and responsible leaders 3 to provide a firsthand account of that air force's unique combat in a major war with the forces of the Soviet Union This series of studies therefore covers in large part virtually all phases of the Luftwaffe's operations and organization from its camouflaged origin in the Reichswehr during the period of secret German rearmament following World War I through its participation in the Spanish Civil War and its massive operations and final defeat in World War II

Soviet Partisan Warfare, 1941-1944 Gary Howard Gordon, 1972 During the Second World War irregular forces partisans or guerrillas sometimes called insurgents of resistance groups generally forces not belonging to a regularly established army sprang up in nearly all the occupied countries of Europe and Asia But it was in the occupied areas of the western Soviet Union that they operated in the largest numbers and over the broadest areas Using primary source material not available to or utilized by previous researchers this dissertation will examine the Soviet partisan experience in irregular warfare The manpower and materiel which the Soviets devoted to their partisan forces and which the Germans spent on their security units will be examined from the standpoint of How much When Where What quantity In view of Germany's more limited manpower her population was only about half that of the Soviet Union it will be important to see how she met the growing partisan threat

while at the same time not weakening her front line positions in the East The effectiveness of the Soviet partisans would depend on the type of their assignments the degree of success they enjoyed in carrying them out despite German counter measures and the impact of these operations on the German war effort in the Soviet Union Introduction **Soviet Partisan 1941-44** Nik Cornish, 2014-06-20 The partisan war in the Soviet Union from 1941 to 1944 has been the subject of considerable political manipulation in the decades following 1945 In great part this was due to the need to project the image of a country united behind Joseph Stalin and the Communist regime when the truth was much more complex than that The opening weeks of Operation Barbarossa had exposed the lack of unity in the Soviet Empire as nationalist and anti Communist groups emerged in the western provinces such as Belorussia Galicia Bukovina Ukraine and the Baltic states of Latvia Lithuania and Estonia Consequently it was vital for the survival of the Soviet Union that such groups were countered in situ and that the authority of Moscow was maintained in what were known as the Occupied Territories During the summer of 1941 plans dormant since the 1930s for the conduct of partisan warfare behind the lines of an invading force were resurrected The plans were intended to make life for the invaders as problematic as possible by acts of sabotage but most important of all to maintain the physical presence of Soviet authority **Partisan Warfare on the Eastern Front 1941-1944** Nik Cornish, 2013 Between 1941 and 1944 in the war on the Eastern Front Soviet partisans fought a ruthless underground campaign behind the German lines During those three terrible years of occupation they spied on the Germans disrupted their communications sabotaged road and rail routes and carried out assassinations and raids and thousands of these irregular soldiers lost their lives Yet their exploits are frequently overlooked in general histories of the conflict and their experience of the war and their contribution to the Soviet victory are rarely recognized That is why Nik Cornish's collection of photographs of the Soviet partisans is a landmark in the field In a sequence of over 150 images most of them previously unpublished he gives a fascinating all round portrait of the lives of the partisans and their struggle to resist and survive in a war that was waged with almost unparalleled cruelty on both sides In addition in his commentary he outlines the history of the partisans their desperate chaotic beginnings in the wake of the German attack their increasing coordination daring and effectiveness as the war went on and the key role they played as the Germans were forced back He also records through the photographs the merciless counter measures taken by the Germans and the reprisals His book gives a compelling insight into one of the most important side shows of the Second World War *The War for Korea, 1945-1950* Allan Reed Millett, 2005 When the major powers sent troops to the Korean peninsula in June of 1950 it supposedly marked the start of one of the last century's bloodiest conflicts In volume 1 Allan Millett however reveals that the Korean War actually began with partisan clashes two years earlier and had roots in the political history of Korea under Japanese rule 1910-1945 In volume 2 he shifts his focus to the twelve month period from North Korea's invasion of South Korea on June 25 1950 through the end of June 1951 the most active phase of the internationalized Korean War *Resistance Warfare*

1940–45 Carlos Caballero Jurado, 1985 The occupation of Western Europe by the Wehrmacht brought about the birth of resistance movements in all the countries affected as well as collaborationist movements directly opposed to the resistance. In effect the war against Germany became a civil war within each country. Sought out by the Higher SS and Police Officers' High Command of the SS and Police and often aided by the British Special Operations Executive, the Western European Resistance centred largely on espionage and intelligence gathering. A companion volume to *Men at Arms* 142 *Partisan Warfare 1941–45* this book explores the history of resistance warfare during World War II in Norway, Denmark, Holland, Belgium, France and Italy.

Soviet Partisan 1941–44 Nik Cornish, 2014-06-20 The partisan war in the Soviet Union from 1941 to 1944 has been the subject of considerable political manipulation in the decades following 1945. In great part this was due to the need to project the image of a country united behind Joseph Stalin and the Communist regime when the truth was much more complex than that. The opening weeks of Operation Barbarossa had exposed the lack of unity in the Soviet Empire as nationalist and anti-Communist groups emerged in the western provinces such as Belorussia, Galicia, Bukovina, Ukraine and the Baltic states of Latvia, Lithuania and Estonia. Consequently it was vital for the survival of the Soviet Union that such groups were countered in situ and that the authority of Moscow was maintained in what were known as the Occupied Territories. During the summer of 1941 plans dormant since the 1930s for the conduct of partisan warfare behind the lines of an invading force were resurrected. The plans were intended to make life for the invaders as problematic as possible by acts of sabotage but most important of all to maintain the physical presence of Soviet authority.

The War Behind the Eastern Front Alexander Hill, 2005 A study based on Soviet and German archival sources of Soviet partisan activities in the rear of the German Army Group North 1941–44.

Russian War Films Denise Jeanne Youngblood, 2007 A panoramic survey of nearly a century of Russian films on wars and wartime from World War I to more recent conflicts in Afghanistan and Chechnya with heavy emphasis on films pertaining to World War II.
