Partners of Chance Henry Herbert Knibbs, 1921 **Partners of Chance** Henry Herbert Knibbs, 1985 **Last Chance Couple Therapy** Peter Fraenkel, 2023-01-10 Strategies and skills for therapists working with couples about to dissolve Therapy with couples on the brink of relationship dissolution involves unique challenges Partners present with high levels of conflict low levels of intimate connection disdain and discouragement and limited patience or hope These couples have often tried therapy without lasting success and announce that this is our last chance Partners want to see evidence in the first session that the therapist can offer something new and that change is possible Peter Fraenkel presents a practical creative integrative approach that combines action and insight oriented techniques to help last chance couples manage conflict modulate intense negative emotions address power struggles develop mutual compassion and restore emotional intimacy and pleasurable connection Special attention is paid to developing a collaborative therapeutic alliance when partners have little motivation for therapy or faith that it can be effective Through engaging in nonbinding experiments in possibility partners can then better evaluate whether to stay or go **Clifford Chance** Judy Slinn, 1993 Foster's Complete Hoyle Robert Frederick Foster, 1909 *Chance and Luck* Richard Anthony Proctor, 1889 *Drug Trade Weekly*, 1920 *Victorian Glassworlds* Isobel Armstrong, 2008-04-24 Isobel Armstrong's startlingly original and beautifully illustrated book tells the stories that spring from the mass production of glass in nineteenth century England Moving across technology industry local history architecture literature print culture the visual arts optics and philosophy it will transform our understanding of the Victorian period The mass production of glass in the nineteenth century transformed an ancient material into a modern one at the same time transforming the environment and the nineteenth century imagination It created a new glass culture hitherto inconceivable Glass culture constituted Victorian modernity It was made from infinite variations of the prefabricated glass panel and the lens The mirror and the window became its formative elements both the texts and constituents of glass culture The glassworlds of the century are heterogeneous They manifest themselves in the technologies of the factory furnace in the myths of Cinderella and her glass slipper circulated in print media in the ideologies of the conservatory as building type in the fantasia of the shopfront in the production of chandeliers in the Crystal Palace and the lens made images of the magic lantern and microscope But they were nevertheless governed by two inescapable conditions First to look through glass was to look through the residues of the breath of an unknown artisan because glass was mass produced by incorporating glassblowing into the division of labour Second literally a new medium glass brought the ambiguity of transparency and the problems of mediation into the everyday It intervened between seer and seen incorporating a modern philosophical problem into bodily experience Thus for poets and novelists glass took on material and ontological political and aesthetic meanings Reading glass forwards into Bauhaus modernism Walter Benjamin overlooked an early phase of glass culture where the languages of glass are different The book charts this phase in three parts Factory archives trade union

records and periodicals document the individual manufacturers and artisans who founded glass culture the industrial tourists who described it and the systematic politics of window breaking Part Two culminating in glass under glass at the Crystal Palace reads the glassing of the environment including the mirror the window and controversy round the conservatory and their inscription in poems and novels Part Three explores the lens from optical toys to philosophical instruments as the telescope and microscope were known A meditation on its history and phenomenology Victorian Glassworlds is a poetics of glass for nineteenth century modernity **Partners of Chance** Herbert Henry Knibbs,2007-07-01 COLLIER'S CYCLOPEDIA OF SOCIAL AND COMMERCIAL INFORMATION ,1882 **Vampire High Council** Sam Shafer,Dennis Logan Miller,2001 A writer Kelly Weatherford has been looking into the past of Chance Noble and following him around L A when Chance unexpectedly confronts Kelly in a parking garage Chance tells Kelly he knows who she is and what she is doing but he can t figure out why any writer would be interested in him or his past The meeting between Chance and Kelly is interrupted by a gun wielding trio of punks with larceny on their mind but a friend of Chance s Miguel Sanchez suddenly appears out of nowhere and using just his bare hands routs the punks and makes them fear for their lives Miguel s arrival in L A causes Chance to invite Kelly to come with him and Miguel to Napa Valley where he promises Kelly all her questions will be answered and the mystery cleared up Kelly reluctantly agrees to the trip but is stunned when instead of driving to Napa Valley they go the Van Nuys airport and board a Gulfstream V jet owned and piloted by Chance In Napa Valley Kelly meets and becomes a friend with the Tizsan clan a family that owns a huge mansion and runs a winery Over a period of days Kelly learns the real story behind the vampire legends and finds out that Chance Noble is more than he appears to be Kelly s eyes are further opened when she learns that the Tizsan clan is just one of the many pure blood and half blood vampire clans who live and work among mortal humans And most importantly Kelly witnesses a deadly sword duel that ill decide whether the vampire clans stay at peace or go to war The Connoisseur ,1911 **Bibliotheca Staffordiensis** ,1894 Ward's Private Company Profiles Jennifer A.
