Partners In Power The Clintons And Their America:

Partners in Power Roger Morris, 1996 Do As I Say (Not As I Do) Peter Schweizer, 2006-10-10 I don't own a single share of stock Michael Moore Members of the liberal left exude an air of moral certitude They pride themselves on being selflessly committed to the highest ideals and seem particularly confident of the purity of their motives and the evil nature of their opponents To correct economic and social injustice liberals support a whole litany of policies and principles progressive taxes affirmative action greater regulation of corporations raising the inheritance tax strict environmental regulations children's rights consumer rights and much much more But do they actually live by these beliefs Peter Schweizer decided to investigate in depth the private lives of some prominent liberals politicians like the Clintons Nancy Pelosi the Kennedys and Ralph Nader commentators like Michael Moore Al Franken Noam Chomsky and Cornel West entertainers and philanthropists like Barbra Streisand and George Soros Using everything from real estate transactions IRS records court depositions and their own public statements he sought to examine whether they really live by the principles they so confidently advocate What he found was a long list of glaring contradictions Michael Moore denounces oil and defense contractors as war profiteers He also claims to have no stock portfolio yet he owns shares in Halliburton Boeing and Honeywell and does his postproduction film work in Canada to avoid paying union wages in the United States Noam Chomsky opposes the very concept of private property and calls the Pentagon the worst institution in human history yet he and his wife have made millions of dollars in contract work for the Department of Defense and own two luxurious homes Barbra Streisand prides herself as an environmental activist yet she owns shares in a notorious strip mining company Hillary Clinton supports the right of thirteen year old girls to have abortions without parental consent yet she forbade thirteen year old Chelsea to pierce her ears and enrolled her in a school that would not distribute condoms to minors Nancy Pelosi received the 2002 Cesar Chavez Award from the United Farm Workers yet she and her husband own a Napa Valley vineyard that uses nonunion labor Schweizer's conclusion is simple liberalism in the end forces its adherents to become hypocrites They adopt one pose in public but when it comes to what matters most in their own lives their property their privacy and their children they jettison their liberal principles and embrace conservative ones Schweizer thus exposes the contradiction at the core of liberalism if these ideas don't work for the very individuals who promote them how can they work for the rest of us **Warmonger** Jeremy Kuzmarov, 2023-12-01 During the 2016 presidential election many younger voters repudiated Hillary Clinton because of her husband's support for mass incarceration banking deregulation and free trade agreements that led many U.S. jobs to be shipped overseas Warmonger How Clinton's Malign Foreign Policy Launched the Trajectory from Bush II to Biden shows that Clinton's foreign policy was just as bad as his domestic policy Cultivating an image as a former anti Vietnam War activist to win over the aging hippie set in his early years as president Clinton bombed six countries and by the end of his first term had committed U.S. troops to 25 separate military operations compared to 17 in Ronald Reagan's two terms Clinton further

expanded America's covert empire of overseas surveillance outposts and spying and increased the budget for intelligence spending and the National Endowment for Democracy NED a CIA offshoot which promoted regime change in foreign nations The latter was not surprising because according to CIA operative Cord Meyer Jr Clinton had been recruited into the CIA while a Rhodes Scholar at Oxford and as Governor of Arkansas in the 1980s he had allowed clandestine arms and drug flights to Nicaraguan counter revolutionaries Contras backed by the CIA to be taken from Mena Airport in the western part of the state Rather than being a time of tranquility when the U S failed to pay attention to the gathering storm of terrorism as New York Times columnist David Brooks frames it the Clinton presidency saw rising tensions among the U S China and Russia because of Clinton's malign foreign policies and U S complicity in terrorist acts In so many ways Clinton's presidency set the groundwork for the disasters that were to follow under Bush II Obama Trump and Biden It was Clinton building off of Reagan who first waged a War on Terror ridden with double standards one that adopted terror tactics including extraordinary rendition bombing and the use of drones It was Clinton who cried wolf about human rights abuses and the need to protect beleaguered peoples from genocide to justify military intervention in a post Cold War age And it was Clinton's administration that pressed for regime change in Iraq and raised public alarm about the mythic WMDs all while relying on fancy new military technologies and private military contractors to distance US shady military interventions from the public to limit dissent

Bill Clinton Patrick J. Maney, 2021-04-15 Of the original Gilded Age historian Richard Hofstadter wrote There is no other period in the nation's history when politics seems so completely dwarfed by economic changes none in which the life of the country rests so completely in the hands of the industrial entrepreneur The era of William Jefferson Clinton's ascent to the presidency was strikingly similar nothing less Clinton himself said than a paradigm shift from the industrial age to an information technology age from the Cold War to a global society How Bill Clinton met the challenges of this new Gilded Age is the subject of Patrick J Maney's book an in depth perspective on the 42nd president of the United States and the transformative era over which he presided Bill Clinton New Gilded Age President goes beyond personality and politics to examine the critical issues of the day economic and fiscal policy business and financial deregulation healthcare and welfare reform and foreign affairs in a post Cold War world But at its heart is Bill Clinton in all his guises the first baby boomer to reach the White House the natural the most gifted politician of his generation but one with an inexplicably careless and self destructive streak the Comeback Kid repeatedly overcoming long odds the survivor frequently down but never out and with Hillary Rodham Clinton part of the most controversial First Couple since Franklin and Eleanor Roosevelt Maney's book is in sum the most succinct and up to date study of the Clinton presidency invaluable not merely for understanding a transformative era in American history but presidential national and global politics today

Lords of Creation Margaret Cook, 2002 In this highly controversial book Margaret Cook undertakes a fascinating study of the patterns of behaviour of men in power throughout history The results are alarming the demeanour of elected rulers tyrants and military leaders bears astonishing similarities and converges on a dangerous path towards egocentrism and iron control spreading mayhem along the way Lord Acton stated that power tends to corrupt but Margaret Cook concludes that it actually causes men to revert to primitive patterns of conduct dustjacket **Presidential Machismo** Alexander
