now detect my visions more clearly I then learned to concentrate on a positive affirmation or a visualization of my highest self Before I knew it I was lost in concentration of a fantastic dream I discovered that I could step back from my work with a firm grip on the messages from my intuition Any thoughts of uncertainty or insecurity were quieted Instead I was confident and in touch with my purpose Then forevermore the artwork became a physical reminder of this grounding exercise One look at it in a moment of nervousness and fears disappeared That s how this book was born I d like you to sit with each page receptive and aware of that inner voice trying to reach you Listen with an open mind and open heart Be available to realizing you re already whole The separation was an illusion presenting itself as real because of an imbalance There is no right or wrong way to color and draw in this book There s also no specific way to visualize or meditate Everything you find here is a suggestion hopefully leading you closer to the way you best connect within For more inspirational fun visit [www MyDreamsMatter com](http://www.MyDreamsMatter.com)
