**Manet Manette** Carol M. Armstrong, 2002-01-01 Manet a founding father of modernism is one of the towering figures of 19th century art In this volume Carol Armstrong looks closely at Manet's works to uncover a view not only of the artist but also of modernity itself As she places his art within frameworks of colour the feminine Other the Manette in Manet and consumerism Armstrong seeks to expand and revise our understanding of this artist as a painter of modern life *Manet Manette (in Acq)* Carol M. Armstrong, 2002 Manet a founding father of modernism is one of the towering figures of nineteenth century art In this absorbing book Carol Armstrong looks closely at Manet's works to uncover a novel and compelling view not only of the artist but also of modernity itself As she places his art within frameworks of color the feminine Other the Manette in Manet and consumerism Armstrong greatly expands and revises our understanding of this artist as a painter of modern life Surveying most of Manet's diverse output the book addresses along the way his methods of self presentation his exhibition strategies the relation of his etchings and paintings the significance of his relationships with the model Victorine Meurent and the painter Berthe Morisot the painterly construction of identity and gender difference and much more At the same time the book considers contemporary writings by Baudelaire Zola the Goncourts and others who dealt with issues relating to artistic identity and modernity painting the model and femininity Armstrong concludes that Manet's work demonstrates consistent preoccupations with defining and contradicting his own signature style of painting and with the gendering of costume color and the making of his art These preoccupations she shows suggest a new understanding of Manet's oeuvre Publisher's description *Twelve Views of Manet's Bar* Bradford Collins, 2021-01-12 Bradford Collins has assembled here a collection of twelve essays that demonstrates through the interpretation of a single work of art the abundance and complexity of methodological approaches now available to art historians Focusing on Manet's *A Bar at the Folies Bergère* each contributor applies to it a different methodology ranging from the more traditional to the newer including feminism Marxism Lacanian psychoanalysis and semiotics By demonstrating the ways that individual practitioners actually apply the various methodological insights that inform their research *Twelve Views of Manet's Bar* serves as an excellent introduction to critical methodology as well as a provocative overview for those already familiar with the current discourse of art history In the process of gaining new insight into Manet's work and into the discourse of methodology one discovers that it is not only the individual painting but art history itself that is under investigation An introduction by Richard Shiff sets the background with a brief history of Manet scholarship and suggestions as to why today's accounts have taken certain distinct directions The contributors selected to provide a broad and balanced range of methodological approaches include Carol Armstrong Albert Boime David Carrier Kermit Champa Bradford R Collins Michael Paul Driskel Jack Flam Tag Gronberg James D Herbert John House Steven Z Levine and Griselda Pollock *Women Readers in French Painting 1870-1890* Kathryn J. Brown, 2012 The first monograph to examine the depiction of reading women in

**Perspectives on Manet** Therese Dolan,2017-07-05 Bringing forth fresh perspectives on Manet s art by established scholars this volume places this compelling and elusive artist s painted uvre within a broader cultural context and links his artistic preoccupations with literary and musical currents Rather than seeking consensus on his art through one methodology or focusing on one crucial work or period this collection investigates the range of Manet s art in the context of his time and considers how his vision has shaped subsequent interpretations Specific essays explore the relationship between Manet and Whistler Emile Zola s attitude toward the artist Manet s engagement with moral and ethical questions in his paintings and the heritage of Charles Baudelaire and Clement Greenberg in critical responses to Manet Through these and other analyses this volume illuminates the scope of Manet s career and indicates the crucial position the artist held in generating a modernist avant garde aesthetic
