**Manila, Goodbye** Robin Prising, 1975 A privileged son of an English actress and an American tobacco exporter Prising was a wealthy pampered child in the 1930s Far East When his parents were caught up in the Philippine occupation the boy was separated from them and interned at Santo Tomas for three years where his life changed dramatically **Civilian**

Ryan, US Army Military History Institute, 1978 **Deleuze and Feminist Theory** Claire Colebrook, Ian Buchanan, 2018-09-20 Ever since Deleuze and Guattari provocatively declared that all becoming must go by way of a becoming woman their work has been the subject of intense feminist interrogation This volume highlights the key points of this ongoing inquiry focusing particularly on the implications of Deleuze's work for a specifically feminist philosophy Deleuze and Feminist Theory brings together the work of some of Deleuze's finest commentators and today's most important feminist thinkers For Deleuze reading a philosopher or thinker ought never to be a question of blind allegiance or assessing the correctness of methods Engagement with a thinker is most productive when considered in terms of what a body of thought can do how concepts create events and how thinking can mobilise desire It is in this spirit that the essays in this book engage with the work of Deleuze and Deleuze and Guattari Deleuze is neither wholeheartedly embraced as an answer to feminist questions nor rejected as yet one more masculinist error in the history of reason Rather Deleuze presents feminism with a challenge and a question how to think The work gathered here responds to this challenge with a series of further questions opened by the Deleuzean project How might desire be thought positively What can a body do How might women become And

how might feminism be thought as an event Including new work by Elizabeth Grosz Rosi Braidotti and Dorothea Olkowski and essays on film the colonial imaginary desire and embodiment Deleuze and Feminist Theory offers asustained consideration of the impact of Deleuze on feminist thought Key Features Provides an introduction to Deleuze for those working in feminist theory and philosophy Includes new work by major feminist theorists Provides a broad approach to several areas of Deleuze s work including film politics literature and feminism Relates Deleuze s work to its historical and philosophical context 1944-45 Richard Collier,2023-06-15 The end is in sight but the fight is long the epic and terrifying conclusion to the greatest conflict in history Going into 1944 the Allies knew the tide was turning in their favour But they still faced a monumental task to get to victory From the beaches of Normandy on D Day to those of the Pacific stormed by American marines from the air drops at Arnhem and the Battle of the Bulge to the final dropping of the atomic bomb on Hiroshima and Nagasaki from the sacking of Berlin to the delicate peace that followed this is a gripping and impeccably researched account of two years that forever changed the world Filled with both the grand sweep of history and small unforgettable details and stories of ordinary soldiers this is military writing of the very highest calibre perfect for fans of Jonathan Dimbleby and Ben Macintyre Philippine Holdings in the Library of Congress, 1960-1987 Library of Congress,1993 The Oil Trade Journal ,1916 **Catholic Almanac** ,1977 Catalogue of Title-entries of Books and Other Articles Entered in the Office of the Librarian of Congress, at Washington, Under the Copyright Law....
