# THE MID-VICTORIAN GENERATION 1846–1886

K. THEODORE HOPPEN

# Mid Victorian Generation 1846 1886

**Kenneth O. Morgan**

## **Mid Victorian Generation 1846 1886:**

**The Mid-Victorian Generation** K. Theodore Hoppen, 2000-06-30 This the third volume to appear in the New Oxford History of England covers the period from the repeal of the Corn Laws to the dramatic failure of Gladstone's first Home Rule Bill In his magisterial study of the mid Victorian generation Theo Hoppen identifies three defining themes The first he calls established industrialism the growing acceptance that factory life and manufacturing had come to stay It was during these four decades that the balance of employment shifted irrevocably For the first time in history more people were employed in industry than worked on the land The second concerns the multiple national identities of the constituent parts of the United Kingdom Dr Hoppen's study of the histories of Ireland Scotland Wales and the Empire reveals the existence of a variety of particular and overlapping national traditions flourishing alongside the increasingly influential structure of the unitary state The third defining theme is that of interlocking spheres which the author uses to illuminate the formation of public culture in the period This he argues was generated not by a series of influences operating independently from each other but by a variety of intermeshed political economic scientific literary and artistic developments This original and authoritative book will define these pivotal forty years in British history for the next generation **Lord Cromer** Geoffrey Russell Searle, Roger Owen, 2004

**The Mid-Victorian Generation, 1846-1886** Theodore K. Hoppen, 2023 This book covers the period from the repeal of the Corn Laws to the dramatic failure of Gladstone's first Home Rule Bill Intermeshed with a detailed social and political analysis of the period Hoppen examines the development of Victorian culture **The Shaping of Modern Britain** Eric Evans, 2014-01-14 In this wide ranging history of modern Britain Eric Evans surveys every aspect of the period in which Britain was transformed into the world's first industrial power By the end of the nineteenth century Britain was still ruled by wealthy landowners but the world over which they presided had been utterly transformed It was an era of revolutionary change unparalleled in Britain yet that change was achieved without political revolution Ranging across the developing empire and dealing with such central institutions as the church education health finance and rural and urban life The Shaping of Modern Britain provides an unparalleled account of Britain's rise to superpower status Particular attention is given to the Great Reform Act of 1832 and the implications of the 1867 Reform Act are assessed The book discusses the growing role of the central state in domestic policy making the emergence of the Labour party the Great Depression the acquisition of a vast territorial empire Comprehensive informed and engagingly written The Shaping of Modern Britain will be an invaluable introduction for students of this key period of British history *Twilight's Last Gleaming* Edmund Clingan, 2012-12-13 The larger issue of defining hegemony and dominance has gained a greater importance over the last dozen years Whether addressed explicitly or implicitly it is the issue that lies behind the many recent books on international relations The ongoing financial crisis has given these issues new urgency This book provides new and startling evidence drawn from foreign exchange markets and capital flow statistics They demonstrate that the problem dates back to the end of

2000 and has been driven by political events as much as structural economic issues Combined with the development of a structural energy problem the financial problem generated a global economic crisis that has not ended In *Twilight's Last Gleaming* Edmund Clingan uses economic measurements to establish measures of political and military power Clingan examines the changes in these measurements over the last two hundred years to establish how international power relations have been affected by changes in economic power He considers the factors that contribute to and detract from economic power Using these quantitative measures he provides consistent definitions of dominance and hegemony that should become commonly used and contribute to more precise discourse in history and political science These tools uncover the deeper issues behind the current problems of the United States "All is Race" Simone Beate Borgstede, 2011 Inspired by Hannah Arendt's discussion of the Victorian Tory politician and novelist Benjamin Disraeli as a Jew who fought back this book explores the complex ways in which mid Victorian discourses of identity and belonging were interwoven with discourses of race The book looks at Disraeli's response to the antisemitism of the period leading him to become convinced that race was the key to understand how society works It traces Disraeli's use of the category of race as a pivotal idea of social difference and looks at how race intersected his thinking with class culture gender nation and empire It also shows how Disraeli's one nation politics was dependent on the idea of empire and how his representations of both nation and empire became based on race Series Racism Analysis Series A Studies Vol 2 The Mind and the Market Jerry Z. Muller, 2007-12-18 Capitalism has never been a subject for economists alone Philosophers politicians poets and social scientists have debated the cultural moral and political effects of capitalism for centuries and their claims have been many and diverse The Mind and the Market is a remarkable history of how the idea of capitalism has developed in Western thought Ranging across an ideological spectrum that includes Hobbes Voltaire Adam Smith Edmund Burke Hegel Marx and Matthew Arnold as well as twentieth century communist fascist and neoliberal intellectuals historian Jerry Muller examines a fascinating thread of ideas about the ramifications of capitalism and its future implications This is an engaging and accessible history of ideas that reverberate throughout everyday life **Mr. Pooter and Victorians** Marta Zapala, 2010-11-07 Seminar paper from the year 2009 in the subject English Language and Literature Studies Literature language English abstract The Diary of a Nobody the object of the examination of this work is a fictitious story of a clerk living in London in the 1880's written by George Grossmith It is the record of fifteen months in the life of Mr Charles Pooter presented in a form of a diary Every entry of the diary is packed with details of trivial moments of his life and as the reviewer for The New York Times wrote the book consists of the small triumphs and minor humiliations and homely pleasures of everyday life as lived in a lower middle class household in the late Victorian era The representation of the English lower middle class as either devoid of heroism or pathetic is unfortunate but not entirely surprising Indeed these two characteristics are rather famously combined in the figure of the eponymous Mr Pooter master of The Laurels Brickfield Terrace Holloway As Hosgood claims George and Weedon Grossmith The Diary of a

Nobody has rightly become one of the minor classics of Victorian fiction and no historian can avoid the comic glow it casts over any interpretation of suburban life. Whether one has studied the Victorian age at school or not he or she must have some knowledge of it. School studies tend to focus either on the political activities of such persons as Disraeli and Gladstone with addition of the failure of the Chartists and rarely extend beyond 1885. Sometimes schools provide bored learners with in depth analysis of the factory system horrors and the inadequacies of public health and hygiene. Moreover among some adults Victorianism is synonymous with the exploitation of the working class and the evils or increasingly of late the absurdities of Imperialism. Others see it mainly as a period of religious hypocrisy and cruelty to children. According to Mitchell Many of us have vivid mental pictures of Victorian England a Charles Dickens Christmas with a large happy family surrounding a table crammed with food the dark and terrifying slums in other Dickens novels Sherlock Holmes in London by gaslight timeless country estates where laborers nodded in deference to the squire while ladies paid social calls and talked about marriage. In addition Victorianism remains a living concept in social and political debates although its meanings are contradictory it is used to describe exploitation and class division sexual repression hypocrisy values of hard work and self help moral certainties about family life and a

*The Cosmopolitan Interior* Judy Neiswander, 2008 Judy Neiswander explains that during these years liberal values individuality cosmopolitanism scientific rationalism the progressive role of the elite and the emancipation of women informed advice about the desirable appearance of the home. In the period preceding the First World War these values changed dramatically advice on decoration became more nationalistic in tone and a new goal was set for the interior to raise the British child by the British hearth. Neiswander traces this evolving discourse within the context of current writing on interior decoration writing that it is much more detached from social and political issues of the day.

**BOOK JACKET** **The Victorians Since 1901** Miles Taylor, Michael Wolff, 2004 Bringing together a group of international scholars from the disciplines of history English literature art history and cultural studies this book identifies and assesses the principle influences on twentieth century attitudes towards the Victorians

**Thomas Hare and Political Representation in Victorian Britain** F. Parsons, 2009-07-31 This book is a history of the emergence and development of the concept of proportional representation and its relation to political theory within the context of nineteenth century British party politics focusing on Thomas Hare 1806-1891

*Choice*, 1999 Critical Americans Leslie Butler, 2007 Critical Americans Victorian Intellectuals and Transatlantic Liberal Reform Encyclopedia of the Victorian Era: Mann-Spin, 2004 *Scottish Gaelic Studies*, 2007 The Oxford Illustrated History of Britain Kenneth O. Morgan, 2009 This beautifully illustrated volume tells the story of Britain and its people over two thousand years from the coming of the Roman legions to the present day. Encompassing political social economic and cultural developments throughout the British Isles the dramatic narrative is taken up in turn by ten leading historians who offer the fruits of the best modern scholarship to the general reader in an authoritative form illuminating their text with carefully chosen pictures and maps. A vivid sometimes surprising picture

emerges of a continuous turmoil of change in every period and the wider social context of political and economic tension is made clear But consensus no less than conflict is a part of the story in focusing on elements of continuity down the centuries the authors bring out that special awareness of identity which has been such a distinctive feature of British society By relating both these factors in the British experience and by exploring the many ways in which Britain has shaped and been shaped by contact with Europe and the wider world this landmark work brings the reader face to face with the past and the foundations of modern British society The new edition the first for almost twenty years brings the story into the twenty first century covering the changes to British society and culture during the Blair years and the invasion of Iraq and its aftermath

*The Western Heritage* Donald M. Kagan, Frank M. Turner, Steven Ozment, 2004-02 This highly visual brief survey of Western civilization provides an exceptionally balanced survey of the political social and cultural development of Western civilization its strengths and weaknesses and the controversies surrounding it From 1650 to the present this volume provides a broad survey of western civilization For those interested in a lively account of western heritage **W Herit V1 Tlc and Hst Notes** Donald Kagan, Frank M. Turner, Steven M. Ozment, 2005 [Book Review Index](#) ,2003 Vols 8 10 of the 1965 1984 master cumulation constitute a title index *The Companion to Little Dorrit* Trey Philpotts, 2003 Ninth volume in the Dickens Companions series offering comprehensive annotation of the novel Little Dorrit
