Midnight City:

Midnight City J. Barton Mitchell, 2012-10-30 Lord of the Flies meets War of the Worlds in J Barton Mitchell's alien invaded post apocalyptic world where two teens and a young girl with amazing powers must stop the aliens mysterious plan Earth has been conquered by an alien race known as the Assembly The human adult population is gone having succumbed to the Tone a powerful telepathic super signal broadcast across the planet that reduces them to a state of complete subservience But the Tone has one critical flaw It only affects the population once they reach their early twenties which means that there is one group left to resist Children Holt Hawkins is a bounty hunter and his current target is Mira Toombs an infamous treasure seeker with a price on her head It's not long before Holt bags his prey but their instant connection isn't something he bargained for Neither is the Assembly ship that crash lands near them shortly after Venturing inside Holt finds a young girl who remembers nothing except her name Zoey As the three make their way to the cavernous metropolis of Midnight City they encounter young freedom fighters mutants otherworldly artifacts pirates feuding alien armies and the amazing powers that Zoey is beginning to exhibit Powers that suggest she as impossible as it seems may just be the key to stopping the Assembly once and for all Midnight City is the breathtaking first book of the Conquered Earth series *Report of the New York Meteorological Observatory of the Department of Public Parks, Central Park New York New York Meteorological Observatory, 1941* Report of the New York Meteorological Observatory of the Department of Parks, Central Park, New York City New York (N.Y.). Meteorological Observatory, 1924 **The City of New York**, 1887 **The City of New York** Taintor Brothers, 1890 *Report New York Meteorological Observatory, 1922* *Midnight City* Nyla K, 2018-07-18 In the interest of full disclosure Midnight City started out as my odd variation of The Walking Dead fanfiction I know It sounds weird right But I will assure you that this story has nothing to do with finding love in the zombie apocalypse It's actually based on the lives of actors outside of the fictional characters they play on TV I had a strange obsession with TWD's Andrew Lincoln and came up with a story based loosely on the idea of a person like him famous gorgeous and technically unavailable meeting a regular albeit beautiful girl and falling in love It goes without saying that this is completely fictional as are all of the events which occur in Midnight City and its sequels But being the imaginarian that I am I fabricated this story in my mind and it promptly spun its way into a lengthy tale of romance sex exploring the taboo of infidelity and peeking behind the curtain of Hollywood Add to that the drama surrounding our female lead's marriage to a US Army Sergeant conspiracy to cover up crimes danger and blackmail and you've got Midnight City On the outside Tessa Woodrow is your ordinary beautiful professional working young woman in New York City She has a great job a killer apartment in the trendy part of Brooklyn and a wardrobe that would make just about any twenty seven year old female jealous Unfortunately Tessa also has secrets and hers happen to be much more complicated than she would ever let on to the outside observer Andrew James on the other hand has very few secrets After all it's hard to have them when you're a world famous actor When he's

not busy starring in the smash hit TV series Hell Storm Andrew spends his time in London with his wife and kids or gallivanting around New York City with his best friend and costar Noah Richards It seems as if Andrew and Tessa are the last two people the universe would ever bring together But clearly the universe has other plans Midnight City like any other books of mine that you happen upon is not intended for the faint of heart That s a nice way of saying there is a metric ton of explicit language and sexual content in this work of fiction It is an erotic novel and while the relationships drama and comedy are what makes it a fun light hearted story the sex is very much present and it is certainly steamy to say the least If you don t like the graphic parts of love stories then this book may not be for you But I promise if the romance genre is your thing then you will absolutely love this book
