Midwinter Pottery:

Midwinter Pottery Steven Jenkins, Paul Atterbury, 2006-07-29 The history of tableware produced by this Staffordshire pottery during the 1950s now widely collected Midwinter Alan Peat, 2010-04 This survey of the post war output of W R Midwinter Ltd arguably the most innovative of British tableware manufacturers in the 1950s is the only book on Midwinter ceramics to have benefited from being written with the cooperation of Roy Midwinter who was responsible for lifting the Staffordshire pottery out of the mainstream and into the realms of designer tableware The success of Midwinter was due in part to the work of a number of noted ceramic artists and designers including Terence Conran Jessie Tait Hugh Casson John Russell and Peter Scott Midwinter was also an innovator in producing accessories for their basic dinner services and tea sets which helped in making them hugely collectible *The Material Culture of Tableware* Jeanne Morgan Zarucchi, 2018-06-28

The Material Culture of Tableware is a fascinating and authoritative study of patterned tableware in the US The book undertakes a visual analysis of Johnson Brothers patterns of tableware pottery with reference to comparable designs by other British companies such as Spode and Adams It examines how this practical genre reflected the aesthetic values sense of identity and aspirations of the American consumers who purchased its products The study also sheds light on British opinions and understandings of American culture The book's chronological organization shows how tableware designs reflected the cultural developments of American society during the long 20th century From status seeking 1890s beaux arts patterns and the nostalgic historical scenes of the 1930s to whimsical 1960s patterns and the contemporary motifs of the 1970s The Material Culture of Tableware tells a compelling story about who 20th century middle class Americans were and wanted to be
