the early 1990s usually described spiritually lonely men who suffered from an existential loss of meaning and serious alienation problems in the modern world After this Sepp I turned to deal with the transformation of the Finnish way of life and its cultural base until after the turn of the new millennium he began to critically judge society s ongoing marketization process This study analyses his capitalism critical works particularly his novels Yhti kumppanit The Partners 2002 Paholaisen haarukka Devil s Fork 2008 and Mr Smith 2012 These works do not primarily consider contemporary market capitalism from a class perspective although this sort of perspective is also included in them They are above all critical of market capitalist rationality According to Sepp I the basic problem of modern economic profit seeking lies in the fact that in its unchecked form it is largely indifferent with respect to existential moral social and ecological values and principles Free market economy or market capitalism has therefore a destructive influence on individuals communities and ecological systems The novels at issue emphasize that due to this it is also in a deeper sense incapable of producing existentially meaningful ways of life
