## **American Amphibious Gunboats in World War II**

Robin L. Rielly,2013-05-13 As the United States began its campaign against numerous Japanese held islands in the Pacific Japanese tactics required them to develop new weapons and strategies One of the most crucial to the island assaults was a new group of amphibious gunboats that could deliver heavy fire close in to shore as American forces landed These gunboats were also to prove important in the interdiction of inter island barge traffic and late in the war the kamikaze threat Several variations of these gunboats were developed based on the troop carrying LCI L They included three conversions of the LCI L with various combinations of guns rockets and mortars and a fourth gunboat the LCS L based on the same hull but designed as a weapons platform from the beginning By the end of the war the amphibious gunboats had proven their worth

## **The Mystic Midgets' Liliputian Carnival of Nations** Eugene Bertram,Willard Bassett,1895

**LCS(L), Landing Craft Support (large)** ,1995     In Peace and War Kenneth J. Hagan,Michael McMaster,2008-06-30 This 30th anniversary edition of a highly acclaimed classic covers the entire span of the American naval experience from the Revolution to the present It avoids descending into a dry chronology of naval battles and instead focuses on the use of the navy as a diplomatic instrument in peacetime and wartime When dealing with war the authors sketch in the political background and explain the grand strategy before dealing with individual battles and leaders

Each essay about the navy in war concludes with an assessment of the importance of naval operations to the outcome of the war and the significance of the war to America's role in world affairs. This book also traces changes in administrative premises and style, the evolution of technology and the strategic revolutions characteristic of American naval history. This fully revised 30th anniversary edition includes new chapters by current experts in the field so as to continue its relevance in the 21st century. An entirely new and up to date bibliography containing secondary sources help make this title better than ever.

Undercover War William B. Breuer, 1995-05 Guadalcanal Midway the battle for the Philippines In each of these critical conflicts intelligence played a crucial role in bringing about an Allied victory. General MacArthur's brilliant Pacific campaign was designed around espionage and guerrilla warfare. This is the story of his undercover war. Praise for William B Breuer's Previous Works An exciting narrative presented by a first rate story teller Publishers Weekly on The Great Raid on Cabanatuan A first class historian The Wall Street Journal Another smasher by Breuer who specializes in thrilling reports of WWII spycraft and warfare Kirkus Reviews on Race to the Moon Fast paced detailed and satisfyingly dramatic World War II magazine on Devil Boats Vivid skillfully written Los Angeles Times on Retaking the Philippines Brings to life how airborne soldiers survived how the human will prevails against overwhelming enemies tactical failures and even death The New York Times on Geronimo American Paratroopers in World War II MACARTHUR'S UNDERCOVER WAR The covert war General Douglas MacArthur waged against Japanese forces in the Pacific arena was the largest undercover operation ever undertaken. Here for the first time is the complete story of the legendary exploits and heroism of the thousands of courageous individuals who fought as spies guerrillas propagandists and saboteurs behind enemy lines. When the Japanese war juggernaut overran the Philippines it took a near miraculous PT boat escape for MacArthur to make his way to safety in Australia. He left behind a force of seventy thousand American and Philippine troops marooned on the Bataan Peninsula. To these brave men the general vowed I shall return. Against overwhelming odds MacArthur succeeded. Crucial to his success was his massive covert war effort. MacArthur created his own undercover warfare agency the super secret Allied Intelligence Bureau AIB to organize the many far flung resistance groups. They were the coast watchers jungle wise miners traders and planters missionaries and telegraph operators who occupied remote Pacific islands living in the most primitive conditions while keeping a constant vigil for Japanese movement. They were American soldiers who escaped the Bataan Peninsula and were commanding guerrilla armies in the interior mountain and jungle locations of the Philippines. And they were double agents operating right under the noses of the Japanese in Manila occupying positions close to the Imperial Army and in the collaborationist Philippine government. The phenomenal success of MacArthur's island hopping hit 'em where they ain't.

campaign was built on the accuracy of the intelligence gathered by the AIB Early in the conflict the Americans cracked the secret Japanese naval code and established a chain of intelligence radio monitoring posts circling the Japanese empire from Alaska to Australia The information garnered from their interceptions of Japanese transmissions and from operatives on the ground allowed MacArthur to pick soft targets islands the Japanese had left relatively unguarded for invasion It was the steel nerves and unbounded resourcefulness of those who fought the secret war that paved the way for MacArthur s Great Return to the Philippines and saved the lives of countless American soldiers In an action packed narrative MacArthur s Undercover War tells of thrilling feats of valor and derring do impossible missions to blow up harbors kidnap heads of state undermine currency and arrange prison escapes all deep within enemy territory Firsthand interviews with veterans and information from previously unpublished documents reveal a riveting tale of World War II that has never been fully told A River Runs to War John Dorman Drummond,1960 **Military History** ,1995-04 **American Book Publishing Record** ,2000-07
