Special Collections Division**

Mike Hammer Omnibus V 2:

The Mike Hammer Collection Mickey Spillane, 2003-01 Mickey Spillane said If the public likes you you re good The public liked him enough to make him one of the bestselling novelists of all time Not just because he was good but because he was the best What s more he was the first Mickey Spillane s classic Mike Hammer detective novels may have appalled intellectuals and outraged moralists but beneath the feverish prose beyond the raw explosion of sex and violence Spillane wrote honestly simply astonishingly about loyalty And betrayal Collected here for the first time are three of Mickey Spillane s Mike Hammer novels that really deliver the goods one shade blacker than noir stories that begin in the gutter and go down from there Here is a world where the only crime is getting caught where justice can be bought for the price of a beer and where corruption lies around every corner This is Mike Hammer s world Welcome to it and watch out [The Mike Hammer Collection](#) Mickey Spillane, 2001

The Naked Communist Roland Végső, 2012-12-10 The Naked Communist argues that the political ideologies of modernity were fundamentally determined by four basic figures the world the enemy the secret and the catastrophe While the world names the totality that functioned as the ultimate horizon of modern political imagination the three other figures define the necessary limits of this totality by reflecting on the limits of representation The book highlights the enduring presence of these figures in the modern imagination through detailed analysis of a concrete historical example American anti Communist politics of the 1950s Its primary objective is to describe the internal mechanisms of what we could call an anti Communist aesthetic ideology The book thus traces the way anti Communist popular culture emerged in the discourse of Cold War liberalism as a political symptom of modernism Based on a discursive analysis of American anti Communist politics the book presents parallel readings of modernism and popular fiction from the 1950s nuclear holocaust novels spy novels and popular political novels in order to show that despite the radical separation of the two cultural fields they both participated in a common ideological program **The Mike Hammer Collection, Volume II** Mickey

Spillane, 2001-09-01 There s a kind of power about Mickey Spillane that no other writer can imitate The New York Times With his trend setting Mike Hammer detective novels Mickey Spillane shot to superstardom as one of the most notorious bestselling sensations in publishing history This powerhouse collection includes three of the master s long out of print greatest novels together for the first time in one explosive volume The Big Kill One Lonely Night Kiss Me Deadly Includes a special introduction by Shamus and Edgar Award winner Lawrence Sanders [The Dying City](#) Brian L.

Tochterman, 2017-05-08 In this eye opening cultural history Brian Tochterman examines competing narratives that shaped post World War II New York City As a sense of crisis rose in American cities during the 1960s and 1970s a period defined by suburban growth and deindustrialization no city was viewed as in its death throes more than New York Feeding this narrative of the dying city was a wide range of representations in film literature and the popular press representations that ironically would not have been produced if not for a city full of productive possibilities as well as challenges Tochterman reveals how

elite culture producers planners and theorists and elected officials drew on and perpetuated the fear of death to press for a new urban vision It was this narrative of New York as the dying city Tochtermann argues that contributed to a burgeoning and broad anti urban political culture hostile to state intervention on behalf of cities and citizens Ultimately the author shows that New York's decline and the decline of American cities in general was in part a self fulfilling prophecy bolstered by urban fear and the new political culture nourished by it

The People We Meet in Stories Robert McParland, 2020-10-20 Novels bring us into fictional worlds where we encounter the lives struggles and dreams of characters who speak to the underlying pulse of society and social change In this book post World War II America comes alive again as literary critic Robert McParland tilts the rearview mirror to see the characters that captured the imaginations of millions of readers in the most popular and influential novels of the 1950s This literary era introduced us to Holden Caulfield Augie March Lolita and other antiheroes Together with popular culture heroes such as Perry Mason and James Bond they entertained thousands of readers while revealing the underlying currents of ambition desire and concern that were central to the American Dream Ralph Ellison's Invisible Man and James Baldwin's Go Tell It on the Mountain and Giovanni's Room explored racial issues and matters of identity that reverberate still today The works of Jack Kerouac the Beat poets Allen Ginsberg and Gregory Corso and the clever and creative William S Burroughs and his Naked Lunch challenged conventional perspectives The People We Meet in Stories will appeal to readers discovering these works for the first time and to those whose tattered paperbacks reveal a long relationship with these key works in American literary history

The City in American Literature and Culture Kevin R. McNamara, 2021-08-05 The city's Americanness has been disputed throughout US history Pronounced dead in the late twentieth century cities have enjoyed a renaissance in the twenty first Engaging the history of urban promise and struggle as represented in literature film and visual arts and drawing on work in the social sciences The City in American Literature and Culture examines the large and local forces that shape urban space and city life and the street level activity that remakes culture and identities as it contests injustice and separation The first two sections examine a range of city spaces and lives the final section brings the city into conversation with Marxist geography critical race studies trauma theory slow systemic violence security theory posthumanism and critical regionalism with a coda on city literature and democracy

Sex, Paranoia, and Modern Masculinity Kenneth Paradis, 2012-02-01 Sex Paranoia and Modern Masculinity explores how twentieth century conceptions of paranoia became associated with the excessive or unregulated exercise of masculine intellectual tendencies Through an extended analysis of Freudian metapsychology Kenneth Paradis illustrates how paranoid ideation has been especially connected to the figure of the male body under threat of genital mutilation or emasculation In this context he also considers how both midcentury detective fiction especially the work of Raymond Chandler and contemporaneous autobiographies of male to female transsexuals negotiate the terms of this gendered understanding of psychopathology thus articulating their own notions of moral value individual autonomy and effective agency

The

Culture of Corporeality Stefan Leonhard Brandt, 2007 The Culture of Corporeality outlines a cultural history of the body in the American postwar years 1945-1960 based on contemporary critical theory and exemplified by a variety of films literary works and other documents The book argues that the body as a cultural symbolic and lived

The Mike Hammer Collection Mickey Spillane, 2006 Mickey Spillane said If the public likes you you're good The public liked him enough to make him one of the bestselling novelists of all time Not just because he was good but because he was the best What's more he was the first Mickey Spillane's classic Mike Hammer detective novels may have appalled intellectuals and outraged moralists but beneath the feverish prose beyond the raw explosion of sex and violence Spillane wrote honestly simply and astonishingly about loyalty And betrayal Collected here are three of Mickey Spillane's Mike Hammer novels that really deliver the goods one shade blacker than noir stories that begin in the gutter and go down from there Here is a world where the only crime is getting caught where justice can be bought for the price of a beer and where corruption lies around every corner This is Mike Hammer's world Welcome to it and watch out

The Comic Art Collection Catalog Michigan State University Libraries Special Collections Division, 1993 This is the most comprehensive dictionary available on comic art produced around the world The catalog provides detailed information about more than 60 000 cataloged books magazines scrapbooks fanzines comic books and other materials in the Michigan State University Libraries America's premiere library comics collection The catalog lists both comics and works about comics Each book or serial is listed by title with entries as appropriate under author subject and series Besides the traditional books and magazines significant collections of microfilm sound recordings vertical files and realia mainly T-shirts are included Comics and related materials are grouped by nationality e.g. French comics and genre e.g. funny animal comics Several times larger than any previously published bibliography list or catalog on the comic arts this unique international dictionary catalog is indispensable for all scholars and students of comics and the broad field of popular culture

Paul Robeson and the Cold War Performance Complex Tony Perucci, 2012-04-18 Two key performances by Paul Robeson shed light on the Cold War era

Masculinity in the Modern West C. Forth, 2008-09-16 What does it mean to be a man To be manly How has this changed throughout history This text examines the manly stereotype which stresses courage and athletic comportment which from the 18th century onwards became representative of normative modern society

Existentialism, Film Noir, and Hard-boiled Fiction Stephen E. Faison, 2008 The prevailing view is that existentialism is a product of post World War II Europe and had no significant presence in the United States before the 1940s Jean Paul Sartre and associates are credited with establishing the philosophy in France and later introducing it to Americans But conventional wisdom about existentialism in the United States is mistaken The United States actually developed its own unique brand of existentialism several years before Sartre and

company published their first existentialist works Film noir and the hard boiled fiction that served as its initial source material represent one form of American existentialism that was produced independently of European philosophy Hard boiled fiction introduced the tough and savvy private detective the duplicitous femme fatale the innocent victim of circumstance and the confessing but remorseless murderer Creators of this uniquely American crime genre engaged existential themes of isolation anxiety futility and death in the thrilling context of the urban crime thriller The film noir cycle of Hollywood cinema brought these features to the screen and offered a distinctively dark visual style compatible with the unorthodox narrative techniques of hard boiled fiction writers Film noir has gained critical acceptance for its artistic merit and the term has a ubiquitous presence in American culture Americans have much to gain by recognizing their own contributors to the history of existentialism Existentialism Film Noir and Hard Boiled Fiction describes and celebrates a unique form of existentialism produced mostly by and for working class people Faison's analysis of the existentialist value of early twentieth century crime stories and films illustrates that philosophical ideas are available from a rich diversity of sources Faison examines the plight of philosophy which occupies a small corner of the academy and is largely ignored beyond its walls According to the author philosophers do themselves and the public a disservice when they restrict what is called existentialism or philosophy to that which the academy traditionally approves The tendency to limit the range of sanctioned material led the professional community to miss the philosophical importance of the critically acclaimed phenomenon known as film noir and significantly contributes to the contemporary status of philosophy Existentialism Film Noir and Hard Boiled Fiction properly identifies existentialism not as the original creation of post World War II Europeans but as a shorthand term used to describe a compelling vision of the world The themes associated with existentialism are found in the ancient Greek tragedies and dramatic narrative has been the preferred conveyance of the existentialist message American and European philosophers present during the early decades of the twentieth century agreed that the United States was not fertile soil for the existentialist message but the popularity of hard boiled fiction and film noir contradicts such claims Faison examines and emphasizes the working class origins and orientation of hard boiled fiction to reveal the division between elites and working class Americans that led to the ill informed conclusion Faison effectively challenges the frequent assertion that the intellectual and creative sources of film noir are to be found in European thinkers and movements and establishes film noir like hard boiled fiction as a uniquely American phenomenon Existentialism Film Noir and Hard Boiled Fiction is scholarly and accessible and will appeal to academics interested in existentialism philosophy and interdisciplinary studies film enthusiasts interested in the narrative and visual techniques employed in film noir and fans of hard boiled mystery fiction and the work of screen legends of the Hollywood studio era **Walt Whitman** Joel Myerson, George Parker Anderson, Julie B. Anderson, 2000 Essays on American writers whose lives and careers span the history of hard boiled writing from its birth in American pulp magazines of the 1920s to the beginning of the twenty first century Characteristic of this

writing is an objective viewpoint impersonal tone violent action colloquial speech tough characters and understated style usually but not limited to detective or crime fiction *American Book Publishing Record* ,2001

Whispering the Secrets of Language: An Emotional Quest through **Mike Hammer Omnibus V 2**

In a digitally-driven world wherever displays reign great and immediate transmission drowns out the subtleties of language, the profound strategies and emotional nuances hidden within phrases frequently get unheard. However, set within the pages of **Mike Hammer Omnibus V 2** a charming fictional prize pulsing with fresh feelings, lies a fantastic journey waiting to be undertaken. Composed by an experienced wordsmith, that marvelous opus encourages readers on an introspective trip, gently unraveling the veiled truths and profound affect resonating within the very fabric of each and every word. Within the emotional depths with this moving review, we will embark upon a genuine exploration of the book's core subjects, dissect its captivating publishing fashion, and succumb to the effective resonance it evokes strong within the recesses of readers' hearts.
