## **Mikhail Bakhtin Between Phenomenology And Marxism:**

**Mikhail Bakhtin** Michael F. Bernard-Donals, 1995-02-24 The language theory of Mikhail Bakhtin does not fall neatly under any single rubric dialogism marxism prosaics authorship because the philosophic foundation of his writing rests ambivalently between phenomenology and Marxism The theoretical tension of these positions creates philosophical impasses in Bakhtin s work which have been neglected or ignored partly because these impasses are themselves mirrored by the problems of antifoundationalist and materialist tendencies in literary scholarship In *Mikhail Bakhtin Between Phenomenology and Marxism* Michael Bernard Donals examines various incarnations of phenomenological and materialist theory including the work of Jauss Fish Rorty Althusser and Pecheux and places them beside Bakhtin s work providing a contextualised study of Bakhtin a critique of the problems of contemporary critics and an original contribution to literary theory **Theorizing**

**Composition** Mary Kennedy, 1998-06-25 The last 25 years have witnessed extraordinary growth in the academic specialization variously described as composition studies or rhetoric and composition What was noticeable about the field in its infancy was a preoccupation with practice a lack of emphasis on theory and an exclusive reliance on the writing process As its disciplinary status has grown the field has become far more theoretical Composition studies has expanded its focus reconceptualized the writing process and embraced a wide range of critical perspectives The result of this change is that terms such as poststructuralism social construction gender and genre which were largely unknown in 1965 now dominate discussion This reference book is a guide to the multiplicity of theories that have emerged to form the disciplinary foundation of composition studies The volume consists of 66 entries each of which is written by an expert contributor and focuses on a particular theory or group of theories While the entries show how various individuals have contributed to theoretical movements very few concentrate on the work of a single theorist Each entry first provides a critical summary of a particular theory or group of theories including key elements basic concepts and claims and information about seminal or particularly influential works It then reviews the theory s critical reception in composition studies and discusses its significance in the field The bibliography at the end of each entry lists primary texts and major scholarship related to the theory and provides additional suggestions for further reading The volume closes with a selected bibliography of important works Central and Eastern European Literary Theory and the West Michał Mrugalski, Schamma Schahadat, Irina Wutsdorff, 2022-12-05 Literary theory flourished in Central and Eastern Europe throughout the twentieth century but its relation to Western literary scholarship is complex This book sheds light on the entangled histories of exchange and influence both within the region known as Central and Eastern Europe and between the region and the West The exchange of ideas between scholars in the East and West was facilitated by both personal and institutional relations both official and informal encounters For the longest time however intellectual exchange was thwarted by political tensions that led to large parts of Central and Eastern Europe being isolated from the West A few literary theories nevertheless made it into Western scholarly discourses via exiled

scholars Some of these scholars such as Mikhail Bakhtin become widely known in the West and their thought was transposed onto new Western cultural contexts others such as Olga Freidenberg were barely noticed outside of Russian and Poland This volume draws attention to the schools circles and concepts that shaped the development of theory in Central and Eastern Europe as well as the history of translations transformations and migrations that conditioned its relationship with the West *Critical Essays on Mikhail Bakhtin* Caryl Emerson, 1999 Essays represent the best known works of this Russian philosopher and literary theorist Includes distinctions between Bakhtin as social critic and philosopher

**The Routledge International Handbook of Philosophies and Theories of Early Childhood Education and Care**

Tricia David, Kathy Goouch, Sacha Powell, 2015-10-05 The Routledge Handbook of Philosophies and Theories of Early Childhood Education and Care brings together leading writers in the field to provide a much needed authoritative guide to the major philosophies and theories which have shaped approaches to Early Childhood Education and Care Providing a detailed overview of key concepts debates and practical challenges the handbook combines theoretical acumen with specific examples to show how philosophies and theories have evolved over the centuries and their impact on policy and society It examines the ways in which societies define and make sense of childhood and the factors that influence the development of philosophies about young children and their learning The collection offers an insight into the key theorists and considers how the economics and politics of their time and personal ideology influenced their ideas about childhood It looks at curricula and provision which have proved inspirational and how these have impacted on policy and practice in different parts of the world The handbook also explores alternative and perhaps less familiar philosophies and ideas about babies and young children their place in society and the ways in which it might be appropriate to educate them Bringing together specially commissioned pieces by a range of international authors this handbook will enable academics research students practitioners and policy makers to reflect on their own understandings and approaches as well as the assumptions made in their own and other societies

**Creating Democracy** Charles Hersch, 2025-02-03 Creating Democracy brings into dialogue for the first time two important theorists of democracy Hannah Arendt 1906-75 and Mikhail Bakhtin 1895-975 Their shared conception of democracy stemming from their encounters with totalitarian governments Nazi Germany for Arendt and Stalinist Russia for Bakhtin and the rise of authoritarian populism in both Europe and America make their ideas more relevant than ever Charles Hersch contends that Arendt and Bakhtin have a unique vision of democracy that centers on creation and creativity These two thinkers imagine a world that both makes room for the cultivation and expression of each person's individuality and facilitates healthy interdependence one that does not reduce us to sameness They also describe the many threats to such a humanistic world whether ideological social or political Creating Democracy also makes a unique contribution to debates in political theory about the possibility of freedom in modern society Offering an alternative to poststructuralism and liberalism Arendt and Bakhtin show us how in a variety of complex ways subjects who are influenced by their culture especially by the

language in which they speak and think can nonetheless help construct themselves and the world For both thinkers humans are meaning making beings who shape the world primarily through language even as it shapes us This book brings to light a rich vision of democracy that is sorely needed in a time when authoritarianism threatens us more than it has in decades Students and scholars in political science cultural studies and literature will all find this book indispensable

**A Violent Embrace** renée c. hoogland,2014-01-07 Instead of asking questions about the symbolic meaning or underlying truth of a work of art renée c hoogland is concerned with the actual work that it does in the world whether intentionally or not Why do we find ourselves in tears in front of an abstract painting Why do some cartoons of the prophet Muhammad generate worldwide political outrage What in other words is the compelling force of visual images even or especially if they are nonfigurative repulsive or downright ugly Rather than describing analyzing and interpreting artworks hoogland approaches art as an event that obtains on the level of actualization presenting retellings of specific artistic events in the light of recent interventions in aesthetic theory and proposing to conceive of the aesthetic encounter as a potentially disruptive if not violent force field with material political and practical consequences

**Mikhail Bakhtin** Joan Nordquist,1993 **Mikhail Bakhtin** Michael Gardiner,2003 *Bakhtin, Beck, and Brahms* Benjamin Parsons Broening,1998 **Bakhtin/"Bakhtin"** Peter Hitchcock,1998 Offering original research on Mikhail Bakhtin by leading scholars in the field this special issue of SAQ both celebrates the recent centennial of Bakhtin's birth and elaborates significant new strains in Bakhtinian thinking The distinction between Bakhtin and Bakhtin is a measure of the incommensurable space between the biographically verifiable figure and the one who emerges from contemporary critical applications of his work While the inevitability of this space must be acknowledged so too must its implications for a politics of culture where theory is concerned Can there be a real Bakhtin and can this one simply be the relevant Bakhtin Is the deified Bakhtin just a reified Bakhtin Exploring both the dynamism of Bakhtin versus Bakhtin and the dynamics of possible Bakhtins the contributors tackle this theorist's range of shifting shapes from the carnival messianistic and the chronotopic through the philosophic and the ideologic to the applied Bakhtin of the social sciences Bakhtin's texts are examined in the context of work by such disparate figures as Ernst Cassirer and Rudolph Rocker while various aspects of the academic Bakhtin industry are examined including the will to mythology by anthology and the inequities of a world market in ideas exemplified by the resource gap between Russian and Western scholarship The state of the archive is assessed by both UK Bakhtin Centre Director David Shepherd and Russian Bakhtin Archivist Nikolai Pan'kov Throughout the issue which is framed by Peter Hitchcock's introductory polemics and Michael Holquist's afterword author and archive are continually deconstructed and reconstructed Contributors Robert Barsky Rachel Falconer Maroussia Hadjukowski Ahmed Ken Hirschkop Peter Hitchcock Michael Holquist Vitaly Makhlin Nikolai Pan'kov Brian Poole David Shepherd Galin Tihanov Anthony Wall

**Linguistics and Language Behavior Abstracts** ,1994 **Literature and Society** Bart Keunen,Bart Eeckhout,2001 This volume offers a broad description of the development and perspectives of

literary sociology within the discipline of comparative literature Several research options that marked the history of literary sociology are presented in this book **Bakhtin** Valerie Z. Nollan, 2004 The early work of Mikhail Bakhtin is notable for its emphasis on questions in ethics and philosophy Focusing on these early writings though also informed by Bakhtin's later works of the early 1970s the authors in this volume explore the human and prosaic dimensions of ethical and moral dilemmas whether in the philosophical concerns of the Young Hegelians the iconography and implicit doctrine of Christian redemption in Dostoevsky's *Crime and Punishment* in testimonial accounts of political martyrs in Latin America or in the nationalist features of Russian Village Prose Incorporating a variety of disciplinary backgrounds into their essays including theater arts philosophy history women's studies Latin American literature and Russian literature the authors take Bakhtin's ethics as articulated in his writings of 1919 1929 and extend them into areas of thought that themselves enter into fruitful dialogue with his theoretical positions endeavoring at all times to remain cognizant of both Russian and Western views of Bakhtin The essayists' interactions attest to the productivity of any thoughtful encounter with Bakhtin's work and to the transformational nature of his work's impact on the myriad disciplines that it affects Bakhtin's thought exerted a profound systemic influence on many areas of knowledge as they have been configured in the twentieth century and as this volume amply demonstrates promises to do the same for the twenty first **The Master and the Slave** Galin Tihanov, 2000 Lukacs and Bakhtin emerge from the book as thinkers whose intellectual careers followed strikingly similar paths They both were confronted with similar agendas and questions posed for them by their time Bakhtin however had to find answers not only for this common agenda but also to the answers that Lukacs himself had already provided **BOOK JACKET** **Language and Discourse**, 1995

**Slavic Review**, 1996 American quarterly of Soviet and East European studies varies *When Congress Debates* Theodore F. Sheckels, 2000-09-30 Sheckels provides the first book length study of Congressional debating The limited work on the topic in the communication discipline has argued that such debating is tedious and inconsequential Sheckels however offers a new paradigm derived from the work of Mikhail Bakhtin that counteracts this assumption This paradigm also counters the often unvoiced assumption that debates are inherently bipolar with the initial premise that they are instead polyphonic The polyphony however goes beyond the recognition of the multiple speakers who participate and the drama they enact to the awareness of the voices these speakers introduce within their discourse These voices range from the words of authorities to the narratives of average Americans from classical prosopopoeia to what Bakhtin terms stylization Speakers also sometimes enact what Bakhtin terms double voiced discourse furthermore there are moments of what Bakhtin terms carnivalesque energy Bakhtin's work finally alerts the critic to the illusion of finalizability in Congressional debates After outlining this paradigm Sheckels uses it to examine six Congressional debates ranging in date from a 1960 Senate filibuster on a civil rights matter to the 1999 House debate on articles of impeachment and includes analyses of such flash points as the Confederate flag sexual harassment in the military and partial birth abortion These case studies reveal both the utility

and the flexibility of the Bakhtinian perspective Thoughtful analyses that will be of great interest to scholars and researchers involved with rhetoric and political communication      **Uncertainty and Communication** Colin B. Grant, 2007-07-25 It is twenty five years since Jürgen Habermas published his Theory of Communicative Action Colin B Grant shares the same commitment to a philosophical theory of communication but issues a range of challenges to Habermas magnum opus **Uncertainty and Communication** mounts a critique of theories of dialogism and intersubjectivity proposes a radical rethinking of the communicating subject in society and explores the new contingencies of culture and media in our interconnected global communication system      **Face to Face** Carol Adlam, 1997-06 The writings of Mikhail Bakhtin currently exert an influence across an extraordinarily wide range of disciplines from history and philosophy to psychology and literature in both Russia and the West So far in the West this dissemination of Bakhtinian thought has proceeded with little or no awareness of contemporary approaches to Bakhtin in his homeland This collection offers unprecedented access to leading Russian research in juxtaposition with important Western scholarship on Bakhtin Taking its cue from Bakhtin as founder of dialogical criticism this book aims to stimulate dialogue across disciplines and national boundaries By unsettling our more familiar understandings of Bakhtin the collection will generate new approaches to this seminal twentieth century thinker BOOK JACKET
