Gorbachev, 2007-03-31 Mikhail Gorbachev is the man who changed everything It was Gorbachev's initiative that raised the Iron Curtain his actions that resulted in one of the era's most symbolic events the demolition on the Berlin Wall his reforms that set in train events leading to the fall of Communism Twelve years ago when Gorbachev came to power the globe was still divided into two armed camps one for each superpower as it had been ever since 1945 The Cold War dominated international politics from Angola to Afghanistan The man who became leader of the Soviet Union in 1985 was much younger than his predecessors yet there was little else to distinguish him from the stony faced apparatchiks waving from the Kremlin He seemed a model Communist ideologically committed to socialism raised wholly within the confines of the Party Yet Gorbachev realized that the system could not continue What was it about this man which enabled him to see so much more clearly than his colleagues Like most who start a revolution Gorbachev has been left behind No longer in power he has been forced to endure criticism from those wise after the event most notably Boris Yeltsin who became undisputed leader after the failed military coup that finally displaced Gorbachev from office In these memoirs Gorbachev reveals his feelings about the sad state of his country today He tells us of his childhood in the North Caucasus during the Second World War of coming to Moscow as a student and meeting Raisa Maksimovna of his glittering career as a Party functionary eventually becoming one of the most powerful men in the world This is a historical document of the first importance It is also a fascinating human story an insider's account of the events that we never dared believe could happen **Mikhail Gorbachev, a Leader for Soviet Change** Walter G. Oleksy, 1989 Describes the life and rise to power of the Soviet leader who has brought about the present openness of the Soviet Union to the West

**The New Russia** Mikhail Gorbachev, 2016-06-08 After years of rapprochement the relationship between Russia and the West is more strained now than it has been in the past 25 years Putin's motives his reasons for seeking confrontation with the West remain for many a mystery Not for Mikhail Gorbachev In this new work Russia's elder statesman draws on his wealth of knowledge and experience to reveal the development of Putin's regime and the intentions behind it He argues that Putin has significantly diminished the achievements of perestroika and is part of an over centralized system that presents a precarious future for Russia Faced with this Gorbachev advocates a radical reform of politics and a new fostering of pluralism and social democracy Gorbachev's insightful analysis moves beyond internal politics to address wider problems in the region including the Ukraine conflict as well as the global challenges of poverty and climate change Above all else he insists that solutions are to be found by returning to the atmosphere of dialogue and cooperation which was so instrumental in ending the Cold War This book represents the summation of Gorbachev's thinking on the

course that Russia has taken since 1991 and stands as a testament to one of the greatest and most influential statesmen of the twentieth century **A Millennium Salute to Mikhail Gorbachev on His 70th Birthday** ,2001 [The Man who Changed the World](#) Gail Sheehy,1991 Presents a candid study of Soviet leader Mikhail Gorbachev drawing on previously unavailable sources to describe his early life and his rise to political power **Mikhail Gorbachev** Mikhail Sergeevich Gorbachev,2011-01-01 This anthology compiled to celebrate Gorbachevs eightieth birthday features speeches and writings as well as tributes from political contemporaries and partners in the environmental and peace movements The tributes from the many colleagues and friends reflect the esteem in which Mikhail Gorbachev is held and the special place he occupies in modern history
