Mikhail Lermontov:

Hero of Our Time Mikhail Lermontov, 2025-01-31 *A Hero of Our Time* is a pioneering psychological novel that offers a profound exploration of human nature, fate, and moral ambiguity. Mikhail Lermontov presents a critical portrait of Russian society in the early 19th century through the enigmatic figure of Pechorin, a Byronic antihero whose actions reflect the contradictions and disillusionment of his era. The novel, structured as a series of interconnected narratives, delves into themes of existential struggle, power, and the destructive allure of romantic idealism. Since its publication, *A Hero of Our Time* has been recognized as a groundbreaking work in Russian literature, influencing later psychological and existentialist fiction. Its fragmented narrative and deep character study challenge traditional storytelling, offering insight into the complexity of human motives. Lermontov's sharp social critique and exploration of Pechorin's inner conflicts continue to captivate readers, making the novel a timeless meditation on identity and alienation. The novel's enduring significance lies in its ability to dissect the tensions between individual desires and societal expectations. By presenting a protagonist who defies easy moral categorization, *A Hero of Our Time* compels readers to confront the paradoxes of ambition, freedom, and self-destruction, ensuring its place as a foundational text in literary history.

A Hero of Our Time Mikhail Lermontov, 2009-05-26 A brilliant new translation of a perennial favorite of Russian literature. The first major Russian novel, *A Hero of Our Time*, was both lauded and reviled upon publication. Its dissipated hero, twenty-five-year-old Pechorin, is a beautiful and magnetic but nihilistic young army officer bored by life and indifferent to his many sexual conquests. Chronicling his unforgettable adventures in the Caucasus involving brigands, smugglers, soldiers, rivals, and lovers, this classic tale of alienation influenced Tolstoy, Dostoyevsky, and Chekhov in Lermontov's own century and finds its modern-day counterparts in Anthony Burgess's *A Clockwork Orange*, the novels of Chuck Palahniuk, and the films and plays of Neil LaBute.
