Mikyoung Kim Monograph:

Routledge Handbook of Memory and Reconciliation in East Asia Mikyoung Kim, 2015-10-05 Decades after the end of the World War II East Asia continues to struggle with lingering animosities and unresolved historical grievances in domestic bilateral and regional memory landscapes China Japan and the Korea share a history of inter and intra violence self other identity construction and diametrically opposed interpretations of the past *Routledge Handbook of Memory and Reconciliation in East Asia* offers a complete overview of the challenges of national memory and ideological rivalry for reconciliation in the East Asian region Chapters provide authoritative analyses of contentious issues such as comfort women the Nanjing massacre history textbook controversies shared heritage sites colonial rule territorial disputes and restitution By interweaving memory human rights and reconciliation the contributors actively explore real prospects of redressing past wrongs and achieving peaceful coexistence at personal as well as governmental levels Bringing together an international team of experts this book is an essential read for students and scholars of East Asian studies anthropology gender studies history international relations law political science and sociology and for those interested in memory and reconciliation issues

Instrumentalizing the Past Jan Rydel, Stefan Troebst, 2022-09-20 In today's world we can point to many international disputes and interstate conflicts fueled by past events Historical resentments or memories of past suffering or fame are often used to justify political economic and even territorial demands Interstate disputes and historical conflicts should be understood as evidence of political and social tensions related to active serious differences in the assessment of the common past The book explains the role of such conflicts in international relations and suggests ways of classifying them It presents examples of the internationally relevant instrumentalisation of history from different regions of the world and outlines ways of overcoming them

Representing Landscapes: Hybrid Nadia Amoroso, 2016-05-05 Hybrid and mixed media create a huge variety of diagramming and drawing options for landscape representation From Photoshop mixed with digital maps to hand drawings overlaid with photos and modelling combined with sketches the possibilities are endless In this book Amoroso curates over 20 leading voices from around the world to showcase the best in contemporary hybrid design With over 200 colour images from talented landscape architecture students this book will explore the options methods and choices to show the innovative approaches that are offered to students and practitioners of landscape architecture With worked examples in the chapters and downloadable images suitable for class use this is an essential book for visual communication and design studios

The SAGE Handbook of Human Rights Anja Mihr, Mark Gibney, 2014-07-21 The SAGE Handbook of Human Rights will comprise a two volume set consisting of more than 50 original chapters that clarify and analyze human rights issues of both contemporary and future importance The Handbook will take an interdisciplinary approach combining work in such traditional fields as law political science and philosophy with such non traditional subjects as climate change demography economics geography urban studies mass communication and business and marketing In addition one of the

aspects of mainstreaming is the manner in which human rights has come to play a prominent role in popular culture and there will be a section on human rights in art film music and literature Not only will the Handbook provide a state of the art analysis of the discipline that addresses the history and development of human rights standards and its movements mechanisms and institutions but it will seek to go beyond this and produce a book that will help lead to prospective thinking

Private Paradise Charlotte M. Frieze, 2011-10-25 Sweeping voluptuous and authoritative *Private Paradise* instantly joins an elite collection of great and inspiring garden design books Charlotte Frieze presents forty one cutting edge gardens all richly photographed and profusely illustrated emphasizing design climate and horticulture Overarching themes of Aqua Arcadia Bold Geometry Color Nightscapes Oasis Sanctuary and Urban cogently frame chapters about the challenges presented by the land the climate and the client s interests Located throughout the United States these gardens demonstrate the intersection between traditional elements of garden design and current concerns such as sustainability drought tolerance and use of native plants *Private Paradise* features the work of the most talented landscape architects and garden designers working in the United States today including Topher Delaney Marta Fry Kathryn Gustafson Raymond Jungles Steve Koch Ron Lutsko Steve Martino Pamela Palmer Ken Smith Christine Ten Eyck and Thomas Wolz In a publication that rightfully takes its place on the sturdy foundation of a century s worth of garden surveys and design monographs *Private Paradise* creates a compelling portrait of contemporary landscape design

The Role and Meaning of Religion for Korean Society

Song-Chong Lee, 2019-04-25 This special issue presents discussions of the role and meaning of religion for Korean society Covering wide ranging time periods the authors explore with their own cases four major characteristics of Korean religion Creativity Greater Responsiveness Adaptability and Prophethood Their topical religious traditions include Neo Confucianism Christianity Buddhism and Korean new religious movements

Nature Inside Penny Sparke, 2020-01-01 The story of how plants and flowers have shaped interior design for over 200 years From ferns in 19th century British parlors to contemporary living walls in commercial spaces plants and flowers have long been incorporated into the design of public and private spaces Spanning two centuries *Nature Inside* explores the history and popularity of indoor plants revealing the close relationship between architecture interior design and nature Studying the international modern interior through the lens of plants in the human environment author Penny Sparke attributes a degree of the interest in indoor plants to urbanization and more recently the climate crisis which serve as ongoing reminders that people must maintain a connection to and respect for the natural world While architectural and interior design styles have evolved alongside the popularity of various plant species the human need to bring nature indoors has remained constant
