## **Milagro De La Vida:**

Los Milagros de Jesus Xavier Léon-Dufour, 1979-06 Existe el milagro no se trata más bien de ingenuidades propias de una mentalidad precientífica aptas para que sonría el hombre de hoy Algunos desean verlos por sí mismos y preguntan sigue habiendo todavía milagros como si preguntaran hay petróleo en esta región Los que así piensan no hallarán en este libro con qué satisfacer su curiosidad Y tampoco los que traten de apoyar su fe en el milagro Lo nico que pretende a sabiendas de que se ser el apoyo mejor para su fe es ofrecerles una información seria sobre los hechos milagrosos de Jesús en contacto directo con los textos del evangelio que ofrecen datos insoslayables y exigen una interpretación Lectura de los relatos de milagro y su interpretación tal es el propósito de este libro Ni tiene fines teológicos ni menos apologéticos Esos serán pasos del lector si es correcta su lectura Para ello se ofrecen distintos modos de realizarla el análisis semiótico el psicoanalítico y el de la historia de las formas y de la redacción No es fácil tal lectura y menos su hermenéutica Para hacerla posible se analizan con detenimiento tanto el marco histórico del relato como la interpretación que cada evangelista da de él sin duda la primera y la más auténtica Concluye el libro con un marginal estudio de Léon Dufour sobre estructura y función del relato de milagro *FREDY CLAVEL en Los Consejos del Abuelo Sobre El planeta Azul* Andres Tomas, 2010-05-19 There is no available information at this time

**Spanish American Saints and the Rhetoric of Identity, 1600-1810** Ronald J. Morgan, 2022-08-30 Spanish American civilization developed over several generations as Iberian born settlers and their New World descendants adapted Old World institutions beliefs and literary forms to diverse American social contexts Like their European forebears criollos descendants of Spanish immigrants who called the New World home preserved the memory of persons of extraordinary Roman Catholic piety in a centuries old literary form known as the saint's Life These criollo religious biographies reflect not only traditional Roman Catholic values but also such New World concerns as immigration racial mixing and English piracy Ronald Morgan examines the collective function of the saint's Life from 1600 to the end of the colonial period arguing that this literary form served not only to prove the protagonist's sanctity and move the faithful to veneration but also to reinforce sentiments of group pride and solidarity When criollos praised americano saints he explains they also called attention to their own virtues and achievements Morgan analyzes the printed hagiographies of five New World holy persons Blessed Sebastián de Aparicio Mexico St Rosa de Lima Peru St Mariana de Jesús Ecuador Catarina de San Juan Mexico and St Felipe de Jesús Mexico Through close readings of these texts he explores the significance of holy persons as cultural and political symbols By highlighting this convergence of religious and sociopolitical discourse Morgan sheds important light on the growth of Spanish American self consciousness and criollo identity formation By focusing on the biographical process itself Morgan demonstrates the importance of reading each hagiographic text for its idiosyncrasies rather than its conventional features His work offers new insight into the Latin American cult of saints inviting scholars to look beyond the isolated lives of individuals to the cultural and social milieus in which their sanctity originated and their public reputations took shape
