## Milagro De La Rosa:

**The Saint and the Chopped-Up Baby** Laura Ackerman Smoller, 2014-01-24 Vincent Ferrer 1350 1419 a celebrated Dominican preacher from Valencia was revered as a living saint during his lifetime receiving papal canonization within fifty years of his death In The Saint and the Chopped Up Baby Laura Ackerman Smoller recounts the fascinating story of how Vincent became the subject of widespread devotion ranging from the saint s tomb in Brittany to cult centers in Spain Italy France Germany and Latin America where Vincent is still venerated today Along the way Smoller traces the long and sometimes contentious process of establishing a stable image of a new saint Vincent came to be epitomized by a singularly arresting miracle tale in which a mother kills chops up and cooks her own baby only to have the child restored to life by the saint s intercession This miracle became a key emblem in the official portrayal of the saint promoted by the papal court and the Dominican order still haunted by the memory of the Great Schism 1378 1414 that had rent the Catholic Church for nearly forty years Vincent however proved to be a potent religious symbol for others whose agendas did not necessarily align with those of Rome Whether shoring up the political legitimacy of Breton or Aragonese rulers proclaiming a new plague saint or trumpeting their own holiness individuals imposed their own meanings on the Dominican saint Drawing on nuanced readings of canonization inquests hagiography liturgical sources art and devotional materials Smoller tracks these various appropriations from the time of Vincent s 1455 canonization through the eve of the Enlightenment In the process she brings to life a long raucous discussion ranging over many centuries The Saint and the Chopped Up Baby restores the voices of that conversation in all its complexity

Gómez,2025-09-09 An exploration of how Indigenous and Black communities shaped religious imagery and navigated life in colonial Lima Colonial Lima was steeped in Christian devotional imagery While Spaniards set the norms for these works it was the city s Black and Indigenous majority that engaged with them most As members of lay societies of worshippers called confraternities subalterns were Lima s key promoters of religious art surpassing the colonial hierarchy Ximena G mez argues that by commissioning and exhibiting sacred images in chapels and urban processions adorned with clothing and accessories Indigenous and Black confraternities created Lima s visual culture In one case study the Indigenous confraternity of the Virgin of Copacabana invisibly transforms a sculpture into an object that reflected its multiethnic Andean caretakers Another case study that of the confraternity of the Virgin of the Antigua finds Black worshippers initially united in their interpretation of a Spanish image and later fracturing when some of its members applied a West African interpretive lens Taking advantage of Lima s rich documentary record In the Hands of Devotees centers the ritual practices of Black and Indigenous people and opens possibilities for incorporating subalterns into the history of Lima s art when limited extant visual evidence has survived
