Time Runners: Past Forward Justin Richards,2008-02-04 The USA in 2021 is not a pleasant place after the death of President Carlton in 2016 civilisation has broken down Several states have ceded the people fear for their lives There are gun battles on the city streets and barely enough food to go round Jamie and Anna are with a group of children at a scientific facility on the outskirts of Washington DC a compound guarded by the army and with rioters and disaffected clamouring to get inside this safe haven But Jamie and Anna don t care about that they re here because someone at the facility is developing time travel and that shouldn t happen for centuries yet With rioters breaking in from outside and a terrifying monster on the loose inside our heroes meet the businessman who s funding the research Darkling Midnight Can Jamie and Anna stop the monster escape the rioters and discover what Midnight s up to How is it all tied up with the death of the President And why are the children here unless they are part of the time experiments themselves

Asylum Ways of Seeing Heather Murray,2022-01-04 Asylum Ways of Seeing is a cultural and intellectual history of people with mental illnesses in the twentieth century United States While acknowledging the fraught and often violent histories of American psychiatric hospitals Heather Murray also suggests that it is in these hospitals that patients became more intense observers they gave more conscious consideration to institutional and broader kinds of citizenship to the nature and needs of communities versus those of individuals to scientific modernity and to human rights and solidarities among the suffering All of these ideas have animated twentieth century America and as Murray shows have not just flowed into psychiatric hospitals but outward from them as well These themes are especially clear within patients intimate creative and political correspondence writings and drawings as well as in hospital publications and films This way of thinking and imagining contrasts with more common images of the patient as passive resigned and absented from the world in the cloistered setting of the hospital that have animated psychiatry over the course of the twentieth century Asylum Ways of Seeing traces how it is that patient resignation went from being interpreted as wisdom in the early twentieth century to being understood as a capitulation in scientific and political sources by mid century to being seen as a profound violation of selfhood and individual rights by the century s end In so doing it makes a call to reconsider the philosophical possibilities within resignation
