**Amanda Morin**

## **Parenting The Learning Disabled:**

*Keys to Parenting a Child with a Learning Disability* Barry E. McNamara, Francine McNamara, 1995 The authors discuss the diagnosis and treatment of learning disabilities They provide a practical course of action for parents who suspect a learning disability in their child They also describe methods of special education dealing with learning disabled children at home and integrating them into community activities      *Parenting Children with Learning Disabilities* Jane Utley Adelizzi, Diane B. Goss, 2001-04-30 In a straightforward and empathetic tone Adelizzi and Goss sensitively offer support to parents of children with learning disabilities who wish to see their children grow to their full potential While juggling the complex expectations imposed upon them parents often combat confusion anger fear sadness and frustration This book will help diffuse these overwhelming feelings empowering parents with the ability to provide the academic and personal support their children need to thrive Adelizzi and Goss who contribute to a unique and highly successful collegiate program for adults with LD ADD demystify the very fuzzy world of LD terminology and theory and clarify the complicated process of diagnosis and treatment They shed light on the way children and adolescents with learning disabilities function in the home environment in social relationships and at school Parents will find new understanding and hope as the authors with the collective voice of parents and children who deal with LD every day lead them through the maze of issues they must confront

**Thinking Differently** David Flink, 2014-08-26 An innovative comprehensive guide the first of its kind to help parents understand and accept learning disabilities in their children offering tips and strategies for successfully advocating on their behalf and helping them become their own best advocates In *Thinking Differently* David Flink the leader of Eye to Eye a national mentoring program for students with learning and attention issues enlarges our understanding of the learning process and offers powerful innovative strategies for parenting teaching and supporting the 20 percent of students with learning disabilities An outstanding fighter who has helped thousands of children adapt to their specific learning issues Flink understands the needs and experiences of these children first hand He too has dyslexia and ADHD Focusing on how to arm students who think and learn differently with essential skills including meta cognition and self advocacy Flink offers real hard advice providing the tools to address specific problems they face from building self esteem and reconstructing the learning environment to getting proper diagnoses and discovering their inner gifts With his easy hands on Step by Step Launchpad to Empowerment parents can take immediate steps to improve their children s lives *Thinking Differently* is a brilliant compassionate work packed with essential insights and real world applications indispensable for parents educators and other professional involved with children with learning disabilities      *Parenting a Child with a Learning Disability* Cheryl Gerson Tuttle, Penny Hutchins Paquette, 1993 Describes learning disabilities including hyperactivity attention deficit disorder and dyslexia and explains how parents teachers and schools can help      **Practical Parenting and Learning Disabilities** Susan Maynard, 2014 This two part guide is written in order to help parents simplify their lives as well as their children s lives The

first part is a straightforward guide to discipline that will help make everyone's lives more secure and content. It helps parents establish limits and guidelines for what their children are or are not allowed to do. The second part is a guide to help parents secure and receive the proper education for their children. It helps to identify learning styles and learning disabilities. This is simply a guide that may make life with your children easier and more enjoyable. The ideas are straightforward and simply stated in an easy-to-carry handy booklet.

### **A Parent's Guide to Helping a Child With Learning Disabilities**

Shola Ade, 2020-09-27 A learning disability (LD) is a group of disorders that negatively impact the ability to learn. Learning disabilities make it more challenging to learn how to read, write, do math, listen, and speak. Learning disabilities are lifelong conditions that can be very successfully managed but never go away. Once you have a learning disorder, you have it for life. The term learning disability encompasses many different learning differences. The three main types of learning disabilities are reading disabilities, written language disabilities, and math disabilities. Each type of LD can include several different disorders. Learning disabilities are successfully managed with proper identification and academic intervention. This book helps those parents who are going through this challenging situation with that is the time you need some straight-up simple information and support. This book is set to give you confidence in being able to tackle some everyday problems and how you can make your child's life a little bit easier to manage and to help you delve through issues as they arise. This book is not set to right the wrongs of the world but it will explain what learning disabilities is and tell you what to look for whilst also sharing with you how to speak with professionals and to discuss the plans with your child's teacher. Learning difficulties are not a reflection of intelligence but they often get in the way of academic achievement and can result in feelings of frustration, anxiety, and embarrassment for a child who is less able to progress at the same rate as his or her peers in a conventional classroom setting. Read and learn about your child's type of learning disability. Find out how the disability affects the learning process and what cognitive skills are involved. It's easier to check out different learning techniques if you understand how the learning disability affects your child and how your child reacts in different circumstances. I do hope you find this book helpful to you and that you are able to see the joy and blessing you have in your child as they face their own challenges. You will see that they are a real joy to you as they grow and show you how they are adapting and gaining their own personality. Even with learning disabilities, your child will be able to come through with their own goals and resilience. You will find that your child will be able to find their own niche in society and with your help and support, they will grow into young adults who are able to manage within their own strengths. I appreciate you accepting this book and I hope you are able to find some great information and resources for you in here. It does cover some resources for UK and also for the USA.

### **Learning**

**Disabilities: What Are They?** Robert Evert Cimer, 2007-08-27 Specific learning disability is by far the largest category of conditions served in special education. Unfortunately, few parents and educators truly understand what a learning disability is. Many erroneously believe it is a politically correct term for mildly mentally retarded or dull normal. Further while most

laypeople have heard of dyslexia rarely do they know about other types of learning disabilities such as dysnomia or dyscalculia In addition to explaining what learning disabilities are and how they should be diagnosed Learning Disabilities What Are They also explores the many different types of learning disabilities that affect children and adults today Moreover it presents a host of strategies and resources that can show parents and teachers how to help children succeed Easy to read and informative this book is essential for any parent or teacher who has a child with a learning disability **Parenting the Learning Disabled** Rhoda Woods Cummings, Cleborne D. Maddux, 1985 *Parents with Intellectual Disabilities* Gwynnyth Llewellyn, Rannveig Traustadottir, David McConnell, Hanna Bjorg Sigurjonsdott, 2010-06-01 The first international cross disciplinary book to explore and understand the lives of parents with intellectual disabilities their children and the systems and services they encounter Presents a unique pan disciplinary overview of this growing field of study Offers a human rights approach to disability and family life Informed by the newly adopted UN Convention on the Rights of Persons with Disabilities 2006 Provides comprehensive research based knowledge from leading figures in the field of intellectual disability

Enabling Parenting with Support Deborah Chinn, 2012 **Parenting and Disability** Olsen, Richard, Clarke, Harriet, 2003-04-16 This book reports on the first substantial UK study of parenting disability and mental health which examines the views of parents and children in 75 families It provides a comprehensive review of relevant policy issues explores the barriers to full participation in parenting that disabled parents face examines the complex ways in which broader social issues interact with disability and advocated measures to support disabled parents and their families

Learning Disabilities: A to Z Corinne Smith, Lisa Strick, 1999-05-25 Corinne Smith and Lisa Strick provide a comprehensive guide to the causes identification and treatment of learning disabilities **Learning Disability Strategies for Teachers and Parents** Assistivemart Learning Disabilities, 2017-04-06 This thoroughly researched book of 409 pages addresses how to manage and educate children with Learning Disabilities Take immediate steps to improve the child's life with creative teaching strategies and parenting tips aimed at making learning easier for the child Applicable for children from 3 years of age up to 9 Although most strategies can be used for just about any disability this book focuses on the following Dyslexia Dysgraphia Dyscalculia Attention Deficit Hyperactivity Disorder Autism Aphasia Apraxia Ataxia APD Auditory Processing Disorder VPD Visual Processing Disorder Down Syndrome Finding the right schooling With tons of in the field tried and tested methods by many teachers and parents these approved strategies will help Better address classroom disruptive behavior Better engage the child while learning at school or at home Deal with the child's home work frustration Better control of impulses and emotions Better analytical thinking Better self regulation Improve reading skills Improve memory retention Improve independent learning skills Improve the child's self confidence Enable the child to have fun while learning The strategies address the challenges of parents tutors and teachers on teaching individuals with Learning Disabilities so as to give the child a far better chance at being happy and successful in their schooling career social life's and

later heading into adulthood This book adopts some powerful and innovative teaching methods with tips and strategies that give hands on direction that is necessary for the child to enjoy learning and being more engaged Changing the tedious routine of learning along with all its frustrations into fun endeavors that is time well spent With hundreds of hours of research and first hand experiences the book aims to leave the reader with easy to follow steps of techniques proven to boost specific skills and empower the reader Lots of problem solving ideas and routines that parents tutors and teachers can use immediately to improve the child s life Small changes can add up to big improvements A good tip is that these strategies can be used with different disabilities Regardless of the specific method for each type of learning disability that is here offered in abundance there is always something varied and innovative that can be done to get the most out of the time we spend with children About the author Constantina Akrotiriadou MBA in Special Inclusive Education MBA in Technologies of Learning and Communications She is a professional in the education field and loves to surround herself daily with children of all backgrounds and potentials Constantina is actively involved with children of all ages and speaks from first hand experience and wants to share her wealth of information that she has gathered over the many years that she has worked with children with and without Learning Disabilities With a deep appreciation and devotion to teaching she seeks to educate and foster learning independency a healthy state of mind and build up all her students self confidenc

*Living with a Learning Disability* Barbara Cordoni,1990 The author looks at life after school gets out The book presents the kinds of adaptations needed for educating communicating with and parenting the child the adolescent and the young adult with learning disabilities Foreword p ix

**The Don't-Give-Up Kid** Jeanne Gehret,2009 Ages 4 to 8 years This revised edition about Alex a child with learning disabilities has been updated with completely new illustrations and reflects the use of the latest tactile techniques used in schools In this story Alex is inventing a cookie snatcher but his lack of reading skills and impatience means that he needs extra help There are new discussion starters for parents and professionals and positive solutions are presented to help build a positive image for the learning disabled child

[Helping Your Child with Language-Based Learning Disabilities](#) Daniel Franklin,2018-07-01 Based in cutting edge research in neuroscience education and the principles of attachment based teaching this important guide for parents offers tools and practices to help children transcend language based learning difficulties such as dyscalculia dyslexia and auditory processing disorder Using the tools provided in this book children will hone the skills needed to do better in school gain self confidence and self esteem and cultivate a positive mindset

*Parental Learning Disability and Children's Needs* Hedy Cleaver,Don Nicholson,2007-12-15 Parental Learning Disability and Children s Needs explores how to effectively assess children in families where one or more parent has a learning disability These children often have unmet needs because their parents are more likely to be coping with mental and physical illness domestic violence or substance abuse

*THE EXPERTS SPEAK. ,* **Parenting a Child with Attention Deficit/hyperactivity Disorder** Nancy S. Boyles,Darlene Contadino,1996 Discusses how to recognize symptoms get proper

diagnosis and guide a child past the obstacles of an attention deficit hyperactivity disorder      **The Everything Parent's Guide to Special Education** Amanda Morin, 2014-05-18 Children with special needs who succeed in school have one thing in commonNtheir parents are passionate and effective advocates This valuable handbook explains how to evaluate prepare organize and get quality services no matter what a child s disability Includes worksheets forms and sample documents and letters
