Findlay Muirhead, Marcel Monmarché

Paris From The Air:

Paris: From the Air Jeffrey Milstein, 2021-04-13 Combining daring aerial photography with the restricted airspace over Paris provides both breathtaking and unparalleled views From sunrise to sunset Paris is one of the most photographed cities in the world Shooting with the newest high resolution medium format professional cameras while leaning out of helicopters making steep turns with the door off Milstein captures the highly detailed iconic straight down images that set his work apart Milstein's distinctive style straight down leads to fresh insights of the urban design of this great city In a way that is impossible from street level you can see the old neighborhoods of Montmartre and Montparnasse iconic historical monuments like the Eiffel Tower Arc de Triomphe or the Invalides and modern Paris like La Défense or the new neighborhoods around the Bibliothèque Nationale As a bonus there is a portfolio of images of the gardens and buildings of Louis XIV's great palace Versailles Milstein brings his unique and unmatched aerial vistas of Paris to life every angle every moment every season This is sure to be treasured by tourists and Parisians alike

Remaking the Readymade Adina Kamien-Kazhdan, 2018-05-11 Replication and originality are central concepts in the artistic oeuvres of Marcel Duchamp and Man Ray Remaking the Readymade reveals the underlying and previously unexplored processes and rationales for the collaboration between Duchamp Man Ray and Arturo Schwarz on the replication of readymades and objects The 1964 editioned replicas of the readymades sent shock waves through the art world Even though the replicas undermined ideas of authorship and problematized the notion of identity and the artist they

paradoxically shared in the aura of the originals becoming stand ins for the readymades Scholar poet dealer Arturo Schwarz played a crucial role opening the door to joint or alternate authorship an outstanding relationship between artist and dealer By unearthing previously unpublished correspondence and documentary materials and combining this material with newly conducted exclusive interviews with key participants Remaking the Readymade details heretofore unrevealed aspects of the technical processes involved in the re creation of iconic long lost Dada objects Launched on the heels of the centenary of Duchamp s Fountain this new analysis intensifies and complicates our understanding of Duchamp and Man Ray initial conceptions and raises questions about replication and authorship that will stimulate significant debate about the legacy of the artists the continuing significance of their works and the meaning of terms such as creativity originality and value in the formation of art **Catalogue of Scientific Papers** Royal Society (Great Britain),1914
