Paris Review 123

Victor M. Corman

Paris Review 123:

The Novel, Who Needs It? Joseph Epstein, 2023-07-18 In this brief but highly engaging book Joseph Epstein argues for the primacy of fiction and specifically of the novel among all intellectual endeavors that seek to describe the behavior of human beings Reading superior fiction he holds arouses the mind in a way that nothing else quite does He shows how the novel at its best operates above the level of ideas in favor of taking up the truths of the heart No other form probes so deeply into that eternal mystery of mysteries human nature than does the novel Along the way Epstein recounts how we read fiction differently than much else we read He sets out how memory works differently in the reading of fiction than in that of other works He notes that certain novels are best read at certain ages and suggests that novels like movies might do well to carry ratings with some novels best read no later than one's early twenties others not to be read before the age of forty The knowledge one acquires from reading novels differs from all other kinds of knowledge for the subject of all superior fiction is human existence itself in all its variousness and often humbling confusion The spirit of the novel entails questioning much that others consider home truths This is demonstrated by the fact that so many important philosophers social scientists jurists and other intellectuals have been devoted readers of fiction among them Oliver Wendell Holmes Jr Michael Oakeshott Edward Shils and Clifford Geertz The Novel Who Needs It takes up those current elements in the culture that militate against the production of first rate fiction Prominent among them are the rise of online reading the expansion of creative writing programs the artistically discouraging effects of political correctness and the pervasiveness of therapeutic thinking throughout contemporary culture As for the title The Novel Who Needs It Joseph Epstein's answer is that we all do

Literary Research and British Postmodernism Bridgit McCafferty, Arianne Hartsell-Gundy, 2015-09-02 Literary Research and British Postmodernism is a guide for scholars that aims to connect the complex relationships between print and multimedia technological advancements and the influence of critical theory that converge in postwar British literature This era is unique in that strict boundaries between fiction nonfiction multimedia and print are not useful Postmodern literature is defined by the breaking down of boundaries as a reaction to modernism and requires an innovative multifaceted approach to research In this guide the authors explore these complex relationships and offer strategies for researching this new period of literature This book takes a holistic approach to postmodern literature that recognizes the way in which digital media film critical theory popular music and more traditional print sources are inextricably linked Through this approach the authors present a broad view of postmodernism that includes a wide variety of British authors writing in the last half of the twentieth century The book's definition of postmodern includes any British literature following World War II that engages issues central to postmodern theory including the social construction of gender sexuality and power the subjectivity of truth technology as a social force intertextuality metafiction post colonial narrative and fantasy This guide aims to aid researchers of postwar British literature by defining best practices for scholars conducting research in a period so broadly varied in the

way it defines literature *Eudora Welty and Mystery* Jacob Agner, Harriet Pollack, 2022-12-28 Contributions by Jacob Agner Sarah Gilbreath Ford Katie Berry Frye Michael Kreyling Andrew B Leiter Rebecca Mark Suzanne Marrs Tom Nolan Michael Pickard Harriet Pollack and Victoria Richard Eudora Welty's ingenious play with readers' expectations made her a cunning writer, a paramount modernist, a short story artist of the first rank and a remarkable literary innovator. In her signature puzzle texts she habitually engages with familiar genres and then delights readers with her transformations and nonfulfillment of conventions. *Eudora Welty and Mystery: Hidden in Plain Sight* reveals how often that play is with mystery, crime and detective fiction genres popular fiction forms often condescended to in literary studies but unabashedly beloved by Welty throughout her lifetime. Put another way, Welty often creates her stories' secrets by both evoking and displacing crime fiction conventions. Instead of restoring order with a culminating reveal, her story puzzles characteristically allow mystery to linger and thicken. The mystery pursued becomes mystery elsewhere. The essays in this collection shift attention from narratives, characters and plots as they have previously been understood by unearthing enigmas hidden within those constructions. Some of these new readings continue Welty's investigation of hegemonic whiteness and southern narratives of race, outlining these in chalk as outright crime stories. Other essays show how Welty anticipated the regendering of the form, now so characteristic of contemporary women mystery writers. Her tender and widely ranging personal correspondence with the hard-boiled American crime writer Ross Macdonald is also discussed. Together these essays make the case that across her career Eudora Welty was arguably one of the genre's greatest double agents and to apply the titles of Macdonald's novels to her inventiveness with the form, she is its underground woman, its unexpected sleeping beauty. *Seeing Mary Plain: A Life of Mary McCarthy* Frances Kiernan, 2002-05-17 A revealing portrait of the dramatic life of writer and intellectual Mary McCarthy. From her Partisan Review days to her controversial success as the author of *The Group* to an epic libel battle with Lillian Hellman, Mary McCarthy brought a nineteenth-century scope and drama to her emblematic twentieth-century life. Dubbed by Time as quite possibly the cleverest woman America has ever produced, McCarthy moved in a circle of ferociously sharp-tongued intellectuals, all of whom had plenty to say about this diamond in their midst. Frances Kiernan's biography does justice to one of the most controversial American intellectuals of the twentieth century. With interviews from dozens of McCarthy's friends, former lovers, literary and political comrades, in arms, awestruck admirers, amused observers and bitter adversaries, *Seeing Mary Plain* is rich in ironic judgment and eloquent testimony. A Los Angeles Times Best Book of 2000 and a Washington Post Book World Rave. *The Musical Times*, 1921 *James Jones and the Handy Writers' Colony* George Hendrick, Helen Howe, Don Sackrider, 2001 This story of James Jones and the Handy Colony is a popular account of one of the most unusual writing colonies ever established in the United States. Between his Army enlistment in 1939 and the wound that sent him to a Memphis hospital in 1943, James Jones suffered the loss of both his mother and his father, a victim of suicide. Psychologically precarious, Jones drank heavily, often brawling in bars. Concerned about his erratic behavior, his aunt took

Jones to meet Lowney Handy who took virtual control of his life securing his discharge from the army and with her husband Harry inviting him into their home Lowney became Jones's writing teacher and his lover An aspiring but unpublished writer when she began the Handy Writers Colony in Marshall Illinois Lowney Handy developed a reputation as an inspirational teacher of writing Her husband an oil refinery executive from nearby Robinson supported her in this endeavor which proved quite successful The Handy colony achieved national attention through the success of Jones its most celebrated member and the author of *From Here to Eternity* and *Some Came Running* **The Review of Reviews** William Thomas Stead, 1898
