100 Questions about Women and Politics Manon Tremblay, 2018-09-30

Both yesterday's suffragists and today's feminists have battled for women to vote and hold office and their successes have made it possible for countries such as Argentina Brazil Germany Iceland Liberia and the United Kingdom to have female heads of state Despite these notable advances women are still largely underrepresented in parliaments and governments around the world Why after so many years of feminist struggle are women still obstructed from full political citizenship by a glass ceiling

Manon Tremblay's 100 Questions about Women and Politics discusses electoral politics in Canada and abroad focusing on women's rights to vote and run for office in legislative elections political parties voting systems electoral quotas for women and participation in parliaments and governments

Against a background of observations taken from academic research Tremblay uses an innovative approach by dividing her book into 100 questions and answers to address a range of important issues

Are electorates sexist or lesbophobic

Are family responsibilities a real obstacle to women's engagement in politics

What strategies are available to increase the number of female politicians

Are gender quotas democratic

Once elected to office do women represent women

How does women's political citizenship in Canada compare to that in other countries

A timely book on the unfinished work of representative democracy

100 Questions about Women and Politics takes a comprehensive yet concise approach to demystifying the major

issues dominating the study of gender and government **The Advocate of Peace** ,1904 *Advocate of Peace and Universal Brotherhood* ,1904 Includes the Annual report of the American Peace Society **The World's Greatest War: The causes of the war; the events of 1914-1915 and summary; the events of 1916 and summary** ,1920 *A New English Dictionary on Historical Principles: part 1.
