Part Time Wife Heroines:

Love and Women in Early Chinese Fiction Daniel Hsieh, 2009-03-02 In traditional China upper class literati were inevitably strongly influenced by Confucian doctrine and rarely touched upon such topics as love and women in their writings. It was not until the mid Tang a generation or two after the An Lushan rebellion that literary circles began to engage in overt discussion of the issues of love and women through the use of the newly emerging genres of zhiguai and chuanqi fiction. The debate was carried out with an unprecedented enthusiasm since the topics were considered to be the key to understanding the crisis in Chinese civilization. This book examines the repertoire of chuanqi and zhiguai written during the Six Dynasties and Tang periods and analyzes the key themes, topics and approaches found in these tales which range from expressions of male fantasy, sympathy, fear and anxiety to philosophical debate on the place of the feminine in patriarchal Chinese society. Many of these stories reflect tensions between masculine and feminine aspects of civilization as seen for example in the conflict of male aspiration and female desire as well as the ultimate longing for reconciliation of these divisions. These stories form a crucial chapter in the history of love in China and would provide much of the foundation for further explorations during the late imperial period as seen in seminal works such as *The Peony Pavilion* and *Dream of the Red Chamber*.

Romance and the Erotics of Property Jan Cohn, 1988 *Romance and the Erotics of Property* examines contemporary popular romance from a number of different points of view, probing for codes and subtexts that sometimes exploit and sometimes contradict its surface tale of romantic attraction, frustration, longing and fulfillment. Cohn argues that a full understanding of the contemporary romance requires an investigation of its literary and historical sources and analogues. Three principal sources are examined in the context of women's history in bourgeois society: *Pride and Prejudice*, *Jane Eyre* and *Gone With the Wind* demonstrate the development of romance fiction's themes; yet in all three the central love story is complicated by issues of property, the sign of male power. Jan Cohn further considers the development of the genre in the fictions of Harriet Lewis and May Agnes Fleming, prolific and popular American romance writers of the late nineteenth century who developed the role of the villain, thereby bringing into focus the sexual and economic struggles faced by the heroine. *Romance and the Erotics of Property* sets romance fiction against a historic and literary background, arguing that contemporary romance disguises as tales of love the subversive fantasies of female appropriation and male property and power.

Women's Fiction 1945-2005 Deborah Philips, 2007-11-01 Organised around each decade of the post-war period, this book analyses novels written by and for women from 1945 to the present. Each chapter identifies a specific genre in popular fiction for women which marked that period and provides case studies focusing on writers and texts which enjoyed a wide readership. Despite their popularity, these novels remain largely outside the canon of women's writing and are often unacknowledged by feminist literary criticism. However, these texts clearly touched a nerve with a largely female readership and so offer a means of charting the changes in ideals of femininity and in the tensions and contradictions in gender.

identities in the post war period Their analysis offers new insights into the shifting demands aspirations and expectations of what a woman could and should be over the last half century Through her analysis of women s writing and reading Philips sets out to challenge the distinction between popular and literary fiction arguing that neat categories such as popular middle brow and serious fiction need more careful definition *Women's Fiction* Deborah Philips,2014-06-19 Now in its second edition and with new chapters covering such texts as Elizabeth Gilbert s *Eat Pray Love* and yummy mummy novels such as Allison Pearson s *I Don t Know How She Does It* this is a wide ranging survey of popular women s fiction from 1945 to the present Examining key trends in popular writing for women in each decade *Women s Fiction* offers case study readings of major British and American writers Through these readings the book explores how popular texts often neglected by feminist literary criticism have charted the shifting demands aspirations and expectations of women in the 20th and 21st centuries
