Castro's Ploy: America's Dilemma Alex Larzelere,2021-05-03 In the summer of 1980 more than 125 000 Cubans abandoned their homes and possessions and emigrated to the United States When what began as a stream of dissidents became a torrent of refugees the United States was caught short Cuban Premier Fidel Castro was able to use the 1980 exodus for his own political objectives and in the process overwhelmed US immigration capacity In this definitive study of what happened during those six months of 1980 Captain Alex Larzelere US Coast Guard Retired shows how Castro controlled the initiative forcing the United States into a reactive position Among the refugees he allowed to leave Cuba Castro included significant numbers of criminals spies and political prisoners thereby showing disregard for international rules regarding emigration The Carter administration's plan to deal with the crisis as the author points out came too late to be effective Anticipating that the United States may face a similar mass influx Larzelere argues for a new Migration Plan He offers a plan with four major points 1 rapid executive decision making at levels lower than the White House 2 constructive direction from Washington to Federal agencies on the scene 3 a working immigration agreement with Cuba and 4 a controlled flow of refugees Demótico Córdoba Bueno, Miguel,2009-04-07 El descubrimiento en 1995 de la tumba de una princesa escita en las estepas rusas permite la identificación de indicios reales que podrán identificar el paradero de los restos de alguno de los personajes que se citan en la leyenda artística Un profesor escocés de lenguas muertas Brian McDermott se ve muy a su pesar involucrado en una azarosa aventura que le llevará a tratar de descubrir las claves escritas en lengua demótica en un misterioso mensaje que aparece grabado en el brazalete que llevaba el cadáver exhumado de la princesa La sucesión de acontecimientos hará aflorar la relación entre el mensaje y los hechos acaecidos en la campaña asiática de Alejandro Magno su relación con las tribus sarmatas y la desaparición de una parte del cargamento de oro que los macedonios obtuvieron en el saqueo de Persópolis la capital del imperio persa La novela se estructura en seis partes la primera y la última se corresponden con los hechos acaecidos en el año 1995 mientras que la parte central de la novela trata de desvelar al lector el origen histórico de los descubrimientos que va realizando McDermott y que inesperadamente llevan a la conexión entre la Sarmatia del siglo IV antes de Cristo y la Britannia del siglo V después de Cristo emergiendo como figura central el druida Myrddin Wyllt conocido en los romances franceses como el Mago Merlín Con esta novela el autor ha tratado de hacer una versión más realista de la denominada leyenda artística tan maltratada por escritores y cineastas Esta novela es obviamente ficticia pero

se ha intentado incorporar a ella los escasos hechos reales que ocurrieron en aquella poca La mayor parte de los personajes existieron o debieron existir en la vida real pero no nos ha llegado casi nada de ellos salvo algunas referencias celtas o historias medievales basadas en tradiciones orales o en trovas Por ello la novela intenta esbozar un ensayo sobre como pudieron ser los hechos que dieron origen a la pica de la poca de la caballería **La estrella vacía** Luis Spota,1986
