**War By Other Means** Daniel Akst, 2022-12-06 Akst argues that the modern progressive movement wide ranging in its causes and narratives today has origins in the pacifist response to American involvement in World War II At its best one gets the sense of generative force born from such intense intellectual moral and religious pressure The Washington Post Pacifists who fought against the Second World War faced insurmountable odds but their resistance philosophy and strategies fostered a tradition of activism that shaped America right up to the present day In this provocative and deeply researched work of history Akst takes readers into the wild heady and uncertain times of America on the brink of a world war following four fascinating resisters four figures who would subsequently become famous political thinkers and activists and their daring exploits David Dellinger Dorothy Day Dwight MacDonald and Bayard Rustin The lives of these diverse anti war advocates a principled and passionate seminary student a Catholic anarchist a high brow intellectual leftist and an African American pacifist and agitator create the perfect prism through which to see World War II from a new angle that of the opposition as well as to show how great and lasting their achievements were The resisters did not stop the war of course but their impact would be felt for decades Many of them went on to lead the civil rights and anti Vietnam War movements the two most important social stands of the second half of the twentieth century The various World War II resisters pioneered non violent protest in America popularized Gandhian principles and desegregated the first prison mess halls Theirs is a story that has never been told     **Great Soul** Joseph Lelyveld, 2012-04-03 A highly original stirring book on Mahatma Gandhi that deepens our sense of his achievements and disappointments his success in seizing India's imagination and shaping its

independence struggle as a mass movement his recognition late in life that few of his followers paid more than lip service to his ambitious goals of social justice for the country's minorities outcasts and rural poor A revelation Lelyveld has restored human depth to the Mahatma Hari Kunzru The New York Times Pulitzer Prize winner Joseph Lelyveld shows in vivid unmatched detail how Gandhi's sense of mission social values and philosophy of nonviolent resistance were shaped on another subcontinent during two decades in South Africa and then tested by an India that quickly learned to revere him as a Mahatma or Great Soul while following him only a small part of the way to the social transformation he envisioned The man himself emerges as one of history's most remarkable self-creations a prosperous lawyer who became an ascetic in a loincloth wholly dedicated to political and social action Lelyveld leads us step by step through the heroic and tragic last months of this selfless leader's long campaign when his nonviolent efforts culminated in the partition of India the creation of Pakistan and a bloodbath of ethnic cleansing that ended only with his own assassination India and its politicians were ready to place Gandhi on a pedestal as Father of the Nation but were less inclined to embrace his teachings Muslim support crucial in his rise to leadership soon waned and the oppressed untouchables for whom Gandhi spoke to Hindus as a whole produced their own leaders Here is a vital brilliant reconsideration of Gandhi's extraordinary struggles on two continents of his fierce but finally unfulfilled hopes and of his ever evolving legacy which more than six decades after his death still ensures his place as India's social conscience and not just India's *The Times* Adam Nagourney, 2024-09-10 A sweeping behind the scenes look at the last four turbulent decades of the paper of record The New York Times as it confronted world changing events internal scandals and faced the existential threat of the internet An often enthralling chronicle that delivers the gossip goods Like Robert Caro's biographies *The Times* should appeal to anyone interested in power Los Angeles Times A KIRKUS REVIEWS BEST BOOK OF THE YEAR For over a century The New York Times has been an iconic institution in American journalism one whose history is intertwined with the events that it chronicles a newspaper read by millions of people every day to stay informed about events that have taken place across the globe In *The Times* Adam Nagourney who's worked at The New York Times since 1996 examines four decades of the newspaper's history from the final years of Arthur Punch Sulzberger's reign as publisher to the election of Donald Trump in November 2016 Nagourney recounts the paper's triumphs the coverage of September 11 the explosion of the U S Challenger the scandal of a New York governor snared in a prostitution case as well as failures that threatened the paper's standing and reputation including the discredited coverage of the war in Iraq the resignation of Judith Miller the plagiarism scandal of Jayson Blair and the high profile ouster of two of its executive editors Drawing on hundreds of interviews and thousands of documents and letters contained in the newspaper's archives and the private papers of editors and reporters *The Times* is an inside look at the essential years that shaped the newspaper Nagourney paints a vivid picture of a divided newsroom fraught with tension as it struggled to move into the digital age while confronting its scandals shortcomings and swelling criticism from conservatives and many of its own readers alike Along the

way we meet the memorable personalities including Abe Rosenthal Max Frankel Howell Raines Joe Lelyveld Bill Keller Jill Abramson Dean Baquet Punch Sulzberger and Arthur Sulzberger Jr who shaped the paper as we know it today We see the battles between the newsroom and the business operations side the fight between old and new media the tension between journalists who tried to hold on to the traditional model of a print newspaper and a new generation of reporters who are eager to embrace the new digital world Immersive meticulously researched and filled with powerful stories of the rise and fall of the men and women who ran the most important newspaper in the nation The Times is a definitive account of the most pivotal years in New York Times history

A devoted reader of autobiographies and memoirs Roger J Porter has observed in recent years a surprising number of memoirs by adult children whose fathers have led secret lives Some of the fathers had second families some had secret religious lives others have been criminals liars or con men Struck by the intensely human drama of secrecy and deception played out for all to see Porter explores the phenomenon in great depth In Bureau of Missing Persons he examines a large number of these works eighteen in all placing them in a wide literary and cultural context and considering the ethical quandaries writers face when they reveal secrets so long and closely held Among the books Porter treats are Paul Auster's *The Invention of Solitude* Alison Bechdel's graphic memoir *Fun Home* Essie Mae Washington Williams's *Dear Senator* on her father Strom Thurmond Bliss Broyard's *One Drop* Mary Gordon's *The Shadow Man* and Geoffrey Wolff's *The Duke of Deception* He also discusses Nathaniel Kahn's documentary film *My Architect* These narratives inevitably look inward to the writer as well as outward to the parent The autobiographical children are compelled if not consumed by a desire to know They become detectives piecing together clues to fill memory voids assembling material and archival evidence public and private documents letters

photographs and iconic physical objects to track down the parent
