On Canadian Poetry:

On Canadian Poetry Edward Killoran Brown, 1973 On Canadian Poetry. (Second Edition.). Edward Killoran BROWN, 1944 **The Picturesque and the Sublime** Susan Glickman, 1998-07-16 Glickman argues that early immigrants to Canada brought with them the expectation that nature would be grand mysterious awesome even terrifying and welcomed scenes that conformed to these notions of sublimity She contends that to interpret their descriptions of nature as negative as so many critics have done is a significant misunderstanding Glickman provides close readings of several important works including Susanna Moodie's Enthusiasm Charles G D Roberts's Ave and Paulette Jiles's Song to the Rising Sun and explores the poems in the context of theories of nature and art Instead of projecting backward from a modernist perspective Glickman reads forward from the discovery of landscape as a legitimate artistic subject in seventeenth century England and argues that picturesque modes of description and a sublime aesthetic have governed much of the representation of nature in this country **In a Fragile Moment: A Landscape of Canadian Poetry** Miguel Angel Olive Iglesias, 2019-12 In a Fragile Moment A Landscape of Canadian Poetry is a significant study of Canadian poetry When was the last time that you can recall a project of this range This perceptive book truly is a one of a kind **Selections from Canadian Poets** Edward H. Dewart, 1973-12-15 Selections from Canadian Poets set an important precedent when it was published in 1864 It was the first anthology of native Canadian poetry and was compiled as Edward Hartlet Dewart explained in order to rescue from oblivion some of the floating pieces of Canadian authorship worthy of preservation in a more permanent form This anthology like any other reflects the tastes of the anthologist and the tenor of the times Pre confederation poets had deeply felt ties with other countries from which developed a shared concern for what Douglas Lochhead terms in his introduction the now and the place often described in terms of the past and the other place which embraced a still larger loyalty religious political philosophical and above all nationalistic Dewart was widely commended by critics of his attention for its endeavour to come to grips with the influences of other literatures mainly English and for its realization that so called colonialism was a major shaping force of Canadian poetry On the first page of his essay Dewart states that A national literature is an essential element in the formation of national character These words as well as his perceptive appraisal of the problems of Canadian literary endeavours still apply today and make this reprint timely and pertinent **Mimic Fires** D. M. R. Bentley, 1994 In this survey and analysis of long poems written about Canada between 1690 and 1900 D M R Bentley establishes literary contexts for a greatly neglected period of Canadian literature He also provides critical discussions of the poems addresses larger questions of tradition and intertextuality and demonstrates the existence of a continuity in Canadian writing from the colonial to the post colonial period **Surviving the Paraphrase** Frank Davey, 1983 The essays collected here have been written against the background of Davey's long and close intellectual engagement with the major critical issues of his day and provide a clear sense of his very substantial contribution to contemporary criticism in Canada To critical theory he has added his voice

on behalf of post modernist writing and perhaps as clearly as any other writer has articulated the theory of post modernism He has given our criticism its contemporary voice its sound and its rhythms and to the mood of our most recent critical writing added his generous and welcoming spirit A writer on the side of life he has spoken for life and vitality as an active engaged spirit of our time

Pollock,2012-11-15 Northrop Frye wrote that for Canadian poets the question of identity isn't so much Who am I as Where is here In his ground breaking collection of essays *You Are Here* James Pollock gives his answer that where we are as a literary culture has a great deal to do with our relationship to elsewhere For far too long Canadians have refused to read our poetry in the larger international context of poetry as an art leaving our poets isolated and ignored Pollock sets out to situate our verse on the map of world poetry a map which like one of those incomplete globes from the sixteenth century still leaves Canada largely uncharted Acutely intelligent and unflinchingly honest in its judgements *You Are Here* is an eye opening guide to the new world of Canadian poetry sensitively exploring the work of such poets as Anne Carson Daryl Hine Jeffery Donaldson Karen Solie and Eric Ormsby The collection ends with a witty treatise on good criticism and a passionate and learned reconsideration of poetic values making *You Are Here* an essential companion for students and lovers of Canadian poetry everywhere
