## **On Difficulty:**

**On Difficulty** George Steiner, 2013-04-16 DIVA distinguished collection of essays on language literature and philosophy from acclaimed scholar and critic George Steiner. *On Difficulty* is as provocative and relevant today as when its essays were first published. Ranging from critical topics such as the understanding of language to the meaning of meaning in inward speech to the relationship between erotic sensibility and linguistic convention, these eight essays posit myriad topics for exploration and dialogue. George Steiner deals with considerations that are simultaneously literary and philosophical, exploring themes of linguistic privacy and the changing technical, physiological and social statuses of the act of reading.

### **Lost & Found**

Ross W. Greene, 2021-08-10 Help the students with concerning behaviors without detentions, suspensions, expulsions, paddling, restraint and seclusion. In the newly revised Second Edition of *Lost and Found*, distinguished child psychologist Dr. Ross W. Greene delivers an insightful and effective framework for educators struggling with students with concerning behaviors. The author's Collaborative Proactive Solutions (CPS) approach focuses on the problems that are causing concerning behaviors and helps school staff partner with students to solve those problems rather than simply modifying the behavior. In this book, you'll discover a more compassionate, practical, effective approach to students concerning behaviors, one that positions educators as allies, not enemies, and as partners, not adversaries. Updated examples and dialogue suited to modern classrooms and recent innovations from the constantly evolving CPS model. Specific advice on how schools can eliminate the use of punitive, exclusionary disciplinary procedures and address disproportionality. Perfect for K-12 educators in general and special education. *Lost and Found* has also become a standard reading for teachers in training, professors, and parents who struggle to help students for whom everything has already been tried.

### Some Difficulties in Elementary School History Adelaide May

Ayer, 1926 *The Identity of Israel's God in Christian Scripture* Don Collett, Mark Elliott, Mark Gignilliat, Ephraim Radner, 2021-01-29 A broad, sweeping volume that breaches the walls separating biblical and theological disciplines. Biblical scholars and theologians engage an important question: Who is Israel's God for Christian readers of the Old Testament? For Christians, Scripture is the Old and New Testament bound together in a single legacy. Contributors approach the question from multiple disciplinary vantage points. Essays on both Testaments focus on figural exegesis, critical exegesis, and the value of diachronic understandings of the Old Testament's compositional history for the sake of a richer, synchronic reading. This collection is offered in celebration of the life and work of Christopher R. Seitz. His rich and wide-ranging scholarly efforts have provided scholars and students alike a treasure trove of resources related to this critical question.
