industry I've applied these skills and perspectives to create a winning matrix in Craps The Ultimate Winning Strategies Prior to completing my ultimate winning strategies the casinos would win every single time Some call it donating or paying my dues My wife and friends called me stupid for wasting time and giving the casinos my hard earned cash By learning and applying Craps The Ultimate Winning Strategies you'll be prepared to recognize the constantly changing table conditions and know when to walk away I've learned over the years that one thing is for sure your numbers will come up The trick is knowing when it's all about consistency how well you prepare and making the right choices to become As Good As Any and Better Than Most Knowing when to walk away gives you time to re evaluate your strategies it gives you a chance to recognize that the dice are not in your favor at this time You've tested the waters and it's just not your time It's very similar to any professional sport you have to let the game come to you And believe me you will know when it's your turn to burn Respect the game for what it is and you can't change its primary function for winning You can only change your own prospects for winning by applying Craps The Ultimate Winning Strategies and by mastering my strategies the game in turn will ultimately treat you accordingly That is As Good As Any and Better Than Most
